

The essence of negotiation

- as it *really* is

- **The issues** - rather than win-lose or win-win, more like 'lose a bit but gain more than you expected - if you are good enough'
- **The process** - rather than inherently rational and ordered cooperation, more like 'periodic insights and progress - but never totally out of the fog'
- **Behaviour** - rather than tactical certainty, more like 'enlightened trial and error'
