**Miss Primm's Academy for Wayward Witches: The Complete Trilogy** Christine Pope, 2022-08-12 The Miss Primm's Academy for Wayward Witches boxed set includes all three books in the trilogy **MISSPELLED** One last chance to control her magic or she's banished to a world without it Eighteen year old Callie and her magic aren't exactly on speaking terms Translation She has control issues She has only three years at Miss Primm's Academy of Wayward Witches to whip her unruly magic into shape Or DOME the Department of Magical Exile will banish her to Mundania A world without magic Callie quickly learns that pop quizzes are killer And the professor seems have it in for her Then there's Lochlan a boy at Master Marco's School for Woeful Wizards If Callie can survive her first year maybe they can do more than just dream about the future **DISPELLED** One year down two to go unless Callie's search for justice gets her expelled The pressure is on as Callie Dobkins begins her second year at Miss Primm's Academy for Wayward Witches Not only does she have the same stern faced Spells professor her older sister is planning her wedding around Callie's graduation date Which means if she fails she'll not only be banished she'll break her sister's heart Worse Callie is suspicious one girl in her class is cheating Snooping for evidence only succeeds in getting Callie grounded And even her handsome boyfriend Lochlan is urging her to back off Because if she's caught she'll be expelled and exiled to Mundania **EXPELLED** She's just gotten control of her wild magic Now she'll have to set it free Miss Primm headmistress of the Academy has gone missing And has Master Marco of the School for Woeful Wizards Callie and her friends speculate but Callie alone can't shut out the inner voice warning her to keep quiet about her suspicions In a horrible moment the conniving Mr McGee exiles Callie to Mundania where she will have to draw on all her wild magic to find her way home to her family To her boyfriend Lochlan And to the circle of friends who will try to root out the corruption at the Academy once and for all

**Witch Test** Katie L. Carroll, 2022-09-13 Liza is sinking in a bubbling cauldron of middle school rumors When the entire eighth grade begins studying the Salem witch trials it seems everyone is on a witch hunt with Liza as target number one Worst of all her ex best friend is the one who started a rumor that Liza bewitched a boy with a love potion As the bullying intensifies Liza's loneliness grows More than ever she wishes her mother were still alive A glimmer of hope arrives when Liza finds her mother's diary until she actually reads it Turns out Liza's family connection to witches goes back for centuries So much for the witch stuff being rumors If Liza can channel her inner witch at the Halloween night corn maze she might find the strength to stand up for herself If not she risks losing a piece of herself to a growing depression and any hope of happiness **WITCH TEST** is an upper middle grade Mean Girls meets The Craft novel for pre teens and young teens

**The Power of Bad** John Tierney, Roy F. Baumeister, 2021-01-05 The most important book at the borderland of psychology and politics that I have ever read Martin E P Seligman Zellerbach Family Professor of Psychology at that University of Pennsylvania and author of Learned Optimism Why are we devastated by a word of criticism even when it's mixed with lavish praise Because our brains are wired to focus on the bad This negativity effect explains

things great and small why countries blunder into disastrous wars why couples divorce why people flub job interviews how schools fail students why football coaches stupidly punt on fourth down All day long the power of bad governs people's moods drives marketing campaigns and dominates news and politics Eminent social scientist Roy F Baumeister stumbled unexpectedly upon this fundamental aspect of human nature To find out why financial losses mattered more to people than financial gains Baumeister looked for situations in which good events made a bigger impact than bad ones But his team couldn't find any Their research showed that bad is relentlessly stronger than good and their paper has become one of the most cited in the scientific literature Our brain's negativity bias makes evolutionary sense because it kept our ancestors alert to fatal dangers but it distorts our perspective in today's media environment The steady barrage of bad news and crisis mongering makes us feel helpless and leaves us needlessly fearful and angry We ignore our many blessings preferring to heed and vote for the voices telling us the world is going to hell But once we recognize our negativity bias the rational brain can overcome the power of bad when it's harmful and employ that power when it's beneficial In fact bad breaks and bad feelings create the most powerful incentives to become smarter and stronger Properly understood bad can be put to perfectly good use As noted science journalist John Tierney and Baumeister show in this wide ranging book we can adopt proven strategies to avoid the pitfalls that doom relationships careers businesses and nations Instead of despairing at what's wrong in your life and in the world you can see how much is going right and how to make it still better
