## **Healing Trauma Guide Stories:**

**Departure Stories** Elisa Bernick, 2022-10-04 We weren't religious per se. The most frequent mention of God in our house was my mother yelling Goddammit! Elisa Bernick grew up different, i.e. Jewish in the white Christian suburb of New Hope, Minnesota during the 1960s and early 1970s. At the center of her world was her mother, Arlene, who was a foul mouthed red-headed suburban Samson who ultimately shook the walls of their family until it collapsed. Poignant and provocative, *Departure Stories* peers through the broader lens of Minnesota's recent history to reveal an intergenerational journey through trauma that unraveled the Bernick family and many others. Deftly interweaving reporting, archival material, memoir, jokes, scrapbook fragments, personal commentary and one very special Waikiki Meatballs recipe, Bernick explores how the invisible baggage of place and memory, Minnesota's uniquely antisemitic history and the cultural shifts of feminism and changing marital expectations contributed to her family's eventual implosion. *Departure Stories* (Betty Crocker Made Matzoh Balls and other lies) is a personal exploration of erasure, immigrants and exiles that examines the ways departures from places, families and memory have far-reaching effects.

[Healing Men's Pain Curriculum, Facilitator's Guide](#) Dan Griffin, Jonathan De Carlo, 2024-09-10 A 36-hour curriculum designed to help men overcome past trauma and develop the skills they need to live safe and caring lives. *Healing Men's Pain Curriculum* helps male-identified participants create a vision of the men they want to be and provides them with the awareness, tools and confidence to achieve that vision. Each of the 18 two-hour, cofacilitated sessions includes activities, exercises and experiential opportunities enabling each participant to connect with the content on a personal level. The program is wide-ranging and encompasses a variety of topics to help participants develop increased self-awareness to enhance their relationships. Participants explore their childhood, adolescent and adult trauma, relational struggles, particularly issues of healthy attachment and other issues that male-identified individuals often experience. The material in *Healing Men's Pain Curriculum* will stretch both participants and facilitators alike. The sessions are designed to take a deep and comprehensive look at everything that blocks men from being the best men they can be. The curriculum speaks to all learning styles through the use of art, physical movement and roleplays. Participants are given additional learning opportunities in the form of assignments to complete between sessions. These assignments build upon the roleplays and in-session practice to help participants translate the material directly into their own lives. Help men address their traumas, develop self-awareness and build healthier relationships in recovery programs, mental health groups or other settings. Pick and choose from 18 intentionally designed lessons or use the entire curriculum in order. Access engaging activities that get participants moving and talking despite diverse learning styles and backgrounds. Focus on male socialization, narrative therapy and interactive learning to help participants develop understanding of themselves and others. Written by an expert on masculinity with a Master's degree in gender studies, this curriculum is an excellent foundation or supplement to addiction programs, trauma groups, men's groups, church groups and beyond. Designed as a compliment to
