**The Secret Mirror** Larry E. Shiner, 2019-06-30 Tocqueville opens the *Recollections* his deeply ambivalent memoir of the failed 1848 Revolution in France with an explicit denial of any literary intent or rhetorical appeal. Forced by illness into an unaccustomed state of leisure Tocqueville claims to record his experiences solely for his own amusement holding up a secret mirror through which he will be able to contemplate the past truthfully. In this innovative study L. E. Shiner examines the *Recollections* as a test case of the relation between form and content in historical writing. Drawing on current literary theory and semiotics Shiner offers a close reading which at once confirms the inevitably literary character of historical writing and demonstrates how rhetorical analysis of Tocqueville's writings deepens our understanding of his political thought. Using the methods of reader response and rhetorical criticisms among others Shiner first analyzes the component genres and narrative structures of the *Recollections* the recurring pictorial and thematic codes and the various voices Tocqueville employs. He then confronts the issue of the truth of Tocqueville's treatment of 1848 in part by comparing it with other key texts on these same events Marx's *The Class Struggles in France* and Flaubert's *Sentimental Education*. Finally Shiner pursues questions of authorial style tracing the use of some of the rhetorical devices discussed in the *Recollections* through Tocqueville's *Democracy in America* *The Old Regime and the French Revolution* and *A Fortnight in the Wilderness*

**The Secret Gospel of Mark Unveiled** Peter Jeffery, 2007-01-01 In this needed and highly anticipated new translation of the Theban plays of Sophocles David Slavitt presents a fluid accessible and modern version for both newcomers to the plays and established admirers. Unpretentious and direct Slavitt's translation preserves the innate verve and energy of the dramas engaging the reader or audience member directly with Sophocles great texts. Slavitt chooses to present the plays not in narrative sequence but in the order in which they were composed *Antigone* *Oedipus* *Tyrannos* *Oedipus at Colonus* he thereby underscores the fact that the story of Oedipus is one to which Sophocles returned over the course of his lifetime. This arrangement also lays bare the record of Sophocles intellectual and artistic development. Renowned as a poet and translator Slavitt has translated Ovid Virgil Aeschylus Aristophanes Ausonius Prudentius Valerius Flaccus and Bacchylides as well as works in French Spanish Portuguese and Hebrew. In this volume he avoids personal intrusion on the texts and relies upon the theatrical machinery of the plays themselves. The result is a major contribution to the art of translation and a version of the Oedipus plays that will appeal enormously to readers theatre directors and actors

**A Walk in Victoria's Secret** Kate Daniels, 2010-11-01 With *A Walk in Victoria's Secret* Kate Daniels crafts a bold brassy yet delicate vision of a woman's growth. Imbued with a unique poetic voice that is utterly feminist these poems possess a fiery intensity for those abuses no woman

can ever quite recover from but also reveal the loving forgiving temperament of the mother no woman can do without From the title poem s unapologetic celebration of the breast to a belated apology to the girl who integrated her elementary school to the awkward juxtaposition of elderly and young women in a gynecologist s office on September 11 2001 Daniels provides a rich array of meditations on what it means to be a woman in our time Buoyant and entertaining singular in style and exuberant in language A Walk in Victoria s Secret offers an intimate look at women s experiences

## *Science Fact and Science Fiction*

Brian Stableford,2006-09-06 Science fiction is a literary genre based on scientific speculation Works of science fiction use the ideas and the vocabulary of all sciences to create valid narratives that explore the future effects of science on events and human beings Science Fact and Science Fiction examines in one volume how science has propelled science fiction and to a lesser extent how science fiction has influenced the sciences Although coverage will discuss the science behind the fiction from the Classical Age to the present focus is naturally on the 19th century to the present when the Industrial Revolution and spectacular progress in science and technology triggered an influx of science fiction works

speculating on the future As scientific developments alter expectations for the future the literature absorbs uses and adapts such contextual visions The goal of the Encyclopedia is not to present a catalog of sciences and their application in literary fiction but rather to study the ongoing flow and counterflow of influences including how fictional representations of science affect how we view its practice and disciplines Although the main focus is on literature other forms of science fiction including film and video games are explored and because science is an international matter works from non English speaking countries are discussed as needed *Secret Harvest* Bud Shuster,2001 Secret Harvest is the story of the triumph of the human spirit and of a family's struggle through hard times war and change **Review of Reviews for Australasia** William Henry Fitchett, Henry Stead, William H.
