The Quick-Start Library Guide Kelly Mayfield, Amy O. Milstead, 2025-09-04 Helps paraprofessionals and new school librarians begin their first school year with confidence New librarians and paraprofessionals often come to school library positions with little or no experience in library work and there s a gap in instructional information available for those who want to quickly increase their skill level This book helps professionals and paraprofessionals learn what they need to know to get started as well as pointing them to additional resources in areas where they might want more advanced information This practical guide teaches librarians and paraprofessionals to develop systems and create plans for programs and partnerships with teachers and other professionals to set them up for success during their first year in the library A timeline helps map out the rhythm of a school year The Quick Start Library Guide introduces paraprofessionals to library science topics such as cataloging collection development and weeding It covers topics specific to the school library such as reading levels book fairs and author visits Each section includes suggested resources for more in depth learning Librarians and paraprofessionals will be able to use this valuable straightforward guide to hit the ground running in their new role

Masculinities in Post-Millennial Popular Romance Eirini Arvanitaki, 2022-05-12 This book focuses on the projection of the hero s masculinity in a selection of post millennial popular romance narratives and attempts to discover if and to what extent this projection reinforces or challenges patriarchal ideas about gender In the majority of these narratives the hero is often presented as a hegemonic alpha male However hegemonic masculinity is not a fixed concept Rather it is subject to continuous change which allows for the emergence of various dominant masculinities Under a poststructuralist lens and through a close textual analysis approach and a gender reading of romance narratives the book suggests that to a certain extent the romance hero could be described as a platform onto which different forms of dominant masculinity are displayed and highlights that these masculinities do not necessarily clash depend on or function as a prerequisite for each other

Ascent to Glory Álvaro Santana-Acuña, 2020-08-11 Gabriel Garc a M

rquez's novel *One Hundred Years of Solitude* seemed destined for obscurity upon its publication in 1967. The little known author, small publisher, magical style and setting in a remote Caribbean village were hardly the usual ingredients for success in the literary marketplace. Yet today it ranks among the best selling books of all time. Translated into dozens of languages, it continues to enter the lives of new readers around the world. How did *One Hundred Years of Solitude* achieve this unlikely success? And what does its trajectory tell us about how a work of art becomes a classic? *Ascent to Glory* is a groundbreaking study of *One Hundred Years of Solitude* from the moment Garcia Marquez first had the idea for the novel to its global consecration. Using new documents from the author's archives, Ivaro Santana Acuña shows how Garcia Marquez wrote the novel, going beyond the many legends that surround it. He unveils the literary ideas and networks that made possible the book's creation and initial success. Santana Acuña then follows this novel's path in more than seventy countries on five continents and explains how thousands of people and organizations have helped it to become a global classic. Shedding new light on the novel's imagination, production and reception, *Ascent to Glory* is an eye-opening book for cultural sociologists and literary historians as well as for fans of Garcia Marquez and *One Hundred Years of Solitude*. *Crash Course in Young Adult Services* Sarah Flowers, 2017-10-10 Learn how to improve teen services in public libraries by better understanding teen development and having positive interactions with teens to provide appropriate and interesting collections and services. A library can be a tremendous resource for teens, one that helps them to learn about themselves and the world they live in. But teenagers are intrinsically different from children and from adults, and these critical developmental differences affect the ways they interact with others both in the world at large and in the library. Serving teens effectively in the library requires a basic understanding of who teens are and the developmental tasks they face, factors that affect all aspects of library service, from the specific programs and services we offer to the ways that staff provide assistance to the teen who is seeking help at a library service desk. This book enables library workers to better understand adolescent development, which allows them to provide a positive library experience for teens. Readers will learn how to supply excellent library services with and for teens, including in the areas of collection development, readers advisory, reference and homework help, programming and advocacy. The book identifies the best ways to have positive interactions with teens in the library, based on their mental development, and details best practices for teen services. The concluding section discusses advocating for teens, with emphasis on their right to privacy and equal access to materials and services. **Library Youth Outreach** Kerol Harrod, 2014-01-21 With tightened library budgets, the norm librarians run the risk of cutting back so much that they isolate themselves from their patrons and their communities. This doesn't have to happen. The outreach methods detailed in this book range from simple actions to detailed processes. Each of the 26 chapters provides helpful information for both those new to library outreach and those with years of experience. **Computing and ICT in the Primary School** Gary Beauchamp, 2016-09-13 Now fully updated to reflect recent changes in the curriculum, *Computing and ICT in the Primary School* encourages teachers and

pupils to realise the potential of a full range of ICT and computing resources Tackling computing head on this book enables trainee and experienced teachers to better understand what computing is and how to use ICT effectively in teaching and learning It is not a how to guide or a collection of lesson plans but instead balances research based theory with everyday experiences challenging readers to understand teaching methods and how they translate into a range of suitable teaching and learning strategies using ICT This book offers primary teachers the knowledge skills and confidence to plan teach and assess creatively to enhance learning across the whole curriculum This second edition includes updates of all chapters and completely new chapters on mobile technologies social media and modern foreign languages Gary Beauchamp places theory and practice hand in hand providing a uniquely relatable resource based on his own teaching practice classroom experience and research This text is crucial reading for both serving teachers and those in training on undergraduate and PGCE courses Education Studies courses and MA Ed programmes Culture and Society Bruce M. Z. Cohen,2026-01-01 Split across two sections on key theory and key issues this introductory textbook encourages students to think critically about culture and society by engaging with the main theoretical debates which distinguish sociology s contribution to cultural studies from the approach of other disciplines The key issues section considers aspects of the key theory as applied to contemporary forms of mass cultural production and consumption including fashion videogames celebrities social media sports and advertising Each chapter contains easy to digest learning aids including key point summaries highlighted text boxes on key scholars concepts and examples further reading suggestions and revision and study group questions This book will prove an invaluable resource for undergraduate students of Sociology Cultural Studies Media and Film Studies Communication Studies and Social Anthropology *Vanity Fair* ,2012 **The Farmers' Advocate and Home Magazine** ,1931 Golden book of choice reading William Swinton,George Rhett Cathcart,1908
