Focus On: 100 Most Popular Light Novels Wikipedia contributors, Crash to Paywall Brian Gorman, 2015-10-16 In 2014 when Postmedia acquired Quebecor's Sun Media newspaper and online assets there was a sense that the recent history of newspapers was repeating itself not as comedy or tragedy but as eulogy *Crash to Paywall* shows that while the newspaper business was weakened by decreases in advertising revenues and circulation much of its problems stem from self-inflicted damage and business practices dating back to the 1970s Brian Gorman explores the Canadian newspaper industry crisis and the relationship between the news media and the public He challenges both the popular mantra that a perfect storm of unforeseen circumstances blindsided a declining industry and the narrative that readers were abandoning newspapers causing advertisers to turn away from dying media Gorman argues that observers had been warning for decades that the business was creating its own problems by acquiring ever larger debt and shareholder obligations while steadily cutting back on journalists' resources Finally by providing journalism for free online newspaper companies devalued their most important resource and impaired their profitable print products With dozens of interviews conducted with leading Canadian journalists and editors *Crash to Paywall* brings to light the many misconceptions, generalizations, omissions and highly suspect conclusions about the present state of newspapers and their future *Pitch, Tweet, or Engage on the Street* Kara Alaimo, 2016-08-25 *Pitch Tweet or Engage on the Street* offers a modern guide for how to practice public relations and strategic communication around the globe Drawing upon interviews with public relations professionals in over 30 countries as well as the author's own experience as a global public relations practitioner in the United Nations and in U.S. President Barack Obama's administration this book explains how to adapt public relations strategies, messages and tactics for countries and cultures around the globe The book begins by explaining key cultural differences which require practitioners to adapt their approaches before discussing how to build and manage a global public relations team and how to practice global public relations on behalf of corporations, non-profit organizations and governments Then the book takes readers on a tour of the world explaining how to adapt their campaigns for Asia Pacific, Europe, the Middle East, the Americas and Sub-Saharan Africa Along the way readers are introduced to practitioners around the globe and case studies of particularly successful campaigns from a public relations siege that successfully ended an epidemic of violence in Kenya to the remarkable P.R. strategy adopted by Bordeaux wineries in China that led to a staggering 26,900 percent increase in sales **The Twitter Book** Tim O'Reilly, Sarah Milstein, 2011-11-14 Provides information on using the social networking site Twitter How to Do Everything iCloud Jason R.
