Smashwords Book Marketing Guide (2018 Edition) Mark Coker, 2018-02-08 This free book marketing primer provides authors easy to implement advice on how to market their books at Smashwords and major ebook retailers. It starts with an overview of how Smashwords helps promote your book and then provides 41 simple do it yourself marketing tips. The book is useful to all authors even those who don't yet publish on Smashwords. Updated August 23 2013 [Passion + Profit with Author Ecosystems](#) Monica Leonelle, 2025-10-25 Are you tired of following marketing advice that feels completely wrong for how you work? Wondering why strategies that work brilliantly for other authors leave you drained and frustrated? The problem isn't your effort; it's that you're trying to build someone else's business instead of your own. *Author Ecosystems* reveals the six distinct creative archetypes that determine how you naturally write, connect with readers, and build sustainable success. This isn't another one size fits all marketing system. It's a personalized roadmap based on your unique creative energy patterns. Are you a precision focused visionary who thrives on speed and strategic optimization like the Desert? A systematic builder who creates comprehensive interconnected creative worlds like the Grassland? A cultural moment creator who generates explosive impact through strategic timing like the Tundra? A relationship focused author who builds loyal communities through consistent authenticity like the Taiga? A healing centered storyteller who creates deep emotional connection and transformation like the Forest? Or an immersive experience creator who builds devoted fandoms and cultural movements like the Aquatic? What You'll Learn: How to identify your core archetype and leverage your natural creative strengths. Publishing paths, traditional, hybrid, indie, that align with your energy instead of draining it. Audience growth strategies designed specifically for how your type connects with readers. Creative production methods that work with your natural rhythm, not against it. Email marketing approaches that feel authentic to your archetype. Sustainable paths to six figure success without burning out or compromising your creative vision. Whether you're just starting your writing career or you're an established author ready to work smarter instead of harder, this book provides the framework to build success on your terms. Stop trying to force yourself into marketing strategies that weren't designed for you. Start building the writing career that actually fits who you are. *Author Ecosystems* was co-created by Monica Leonelle and Russell Nohelty, but this comprehensive guide represents Monica's complete vision for the system, including the newly discovered sixth archetype, the Taiga, based on 2024 industry data. Your creative DNA isn't a limitation; it's your competitive advantage. Perfect for aspiring, beginning, and intermediate authors building their first sustainable writing business, as well as established authors ready to align their strategy with their authentic creative process.
