

CAR SICK

Solutions for our
Car-addicted Culture

A photograph of a woman in a yellow safety vest standing in the middle of a multi-lane highway. She is looking towards the camera. The highway is filled with various cars in different colors. The background shows a hazy sky and some buildings, suggesting an urban or suburban setting.

Car Sick Solutions For Our Car Addicted Culture:

Car Sick Lynn Sloman,2006 This book is about de motorisation It explains how it is working and presents different application that we can find in differents cities of the world It says that we need to change the way we think about traveling that we need to move away from a car centred to a people centred society **Transport, Environment And Society** Cahill, Michael,2010-02-01 The environmental consequences of our transport system in the shape of pollution and carbon emissions are well known Not so clear are the social consequences of contemporary transport and mobility policy Readers are introduced to the complexity of the relationship between transport and society together with the debates about the social inequalities produced by the transport system and the connection between social inequality social exclusion and transport disadvantage This book explores the social inequalities which result from the ways we travel connecting these to the key areas of social policy Reviewing the evidence on the social impact of transport the book discusses the ways in which a sustainable transport policy could emerge **The Routledge Handbook of Mobilities** Peter Adey,David Bissell,Kevin Hannam,Peter Merriman,Mimi Sheller,2014-01-10 The 21st century seems to be on the move perhaps even more so than the last With cheap travel and more than two billion cars projected worldwide for 2030 And yet all this mobility is happening incredibly unevenly at different paces and intensities with varying impacts and consequences to the extent that life on the move might be actually quite difficult to sustain environmentally socially and ethically As a result mobility has become a keyword of the social sciences delineating a new domain of concepts approaches methodologies and techniques which seek to understand the character and quality of these trends This Handbook explores and critically evaluates the debates

approaches controversies and methodologies inherent to this rapidly expanding discipline It brings together leading specialists from range of backgrounds and geographical regions to provide an authoritative and comprehensive overview of this field conveying cutting edge research in an accessible way whilst giving detailed grounding in the evolution of past debates on mobilities It illustrates disciplinary trends and pathways from migration studies and transport history to communications research featuring methodological innovations and developments and conceptual histories from feminist theory to tourist studies It explores the dominant figures of mobility from children to soldiers and the mobility impaired the disparate materialities of mobility such as flows of water and waste to the vectors of viruses key infrastructures such as logistics systems to the informal services of megacity slums and the important mobility events around which our world turns from going on vacation to the commute to the catastrophic disruption of mobility systems The text is forward thinking projecting the future of mobilities as they might be lived transformed and studied and possibly brought to an end International in focus the book transcends disciplinary and national boundaries to explore mobilities as they are understood from different perspectives different fields countries and standpoints This is an invaluable resource for all those with an interest in mobility across disciplinary boundaries and areas of study **David Suzuki's Green Guide** David Suzuki,David

R. Boyd,2008 Everyone knows that the planet is in trouble but is there a solution This timely book identifies the most effective ways individuals can be more green in four key areas home travel food and consumerism It also describes how citizens can ensure that governments take the actions necessary to make sustainable lifestyles the norm instead of the exception Environmental lawyer David Boyd and celebrated ecologist David Suzuki provide vital tips for choosing a home creating a healthy indoor environment and decreasing energy and water use and utility bills They discuss what readers can do to drive and fly less profile the most environmentally friendly transportation choices and explain how to purchase carbon credits among other suggestions In addition they offer simple changes individuals can make in their diet to eat fresher tastier healthier food Included too is invaluable advice about how to buy fewer things and avoid toxic consumer products

Understanding the Environment and Social Policy Tony Fitzpatrick,2011-02-09 Providing a much needed overview of environmentalism and social policy the book will be invaluable reading for students teachers activists practitioners and policy makers Book Jacket Environment, Development, and Sustainability Gordon Wilson,Pamela Furniss,Richard Kimbowa,2010 Case studies from technologists engineers natural and social scientists and practitioners present multiple perspectives on sustainable development Examples from both developing and developed countries show how environment development and sustainability intertwine to form an issue of truly global concern **The Carbon-Free Home** Stephen Hren,Rebekah Hren,2008 Having weaned themselves completely from fossil fuels in their conventional 1930s urban house Stephen and Rebekah Hren provide a map for others to do the same Their book shows first how to reduce energy consumption then to retrofit existing homes to obtain all heating cooling cooking refrigeration hot water and electricity from renewable resources The Hrens also provide advice on sustainable low impact methods of transportation and home gardening These practical approaches many of which are suitable for renters as well as owners fit anyone's budget and can be implemented over time to progressively liberate a home from fossil fuel dependency COVER **American Empire and the Canadian Oil Sands** George A. Gonzalez,2016-04-08 Throughout the US oil and gas shale are being hydrofracked to produce petroleum and natural gas Oil or tar sands from Canada is being processed thereby generating large amounts of crude This book places the unconventional fossil fuels revolution that is taking place in North America within the context of great power politics **Heat** George Monbiot,2007 A brilliant and terrifying book that forces us to move beyond denial and into action **Climate Change** Sean McDonagh,2006 A look at Global Warming from its causes effects and possible solutions from a Columban priest who is an ecological and environmental activist *The British National Bibliography* Arthur James Wells,2006 **Environment & Planning** ,2011 **New Catholic World** ,1980 **The People's Home Journal** ,1903 **Scientific American** ,1880 Monthly magazine devoted to topics of general scientific interest English Mechanic and Mirror of Science ,1877 *Journal of the American Medical Association* American Medical Association,1896 Includes proceedings of the Association papers read at the annual sessions and list of current medical literature Incentive
