**Capitalism's Last Stand?** Walden F. Bello, This eye opening and often scathing book provides a forensic dissection of contemporary capitalism s multiple crises Trenchant but constructive Walden Bello s analysis of the collapse of the global real economy covering such issues as the Wall Street meltdown the disintegration of the Greek economy and the rise of China emphasizes the ever more pressing need to engage in a radical process of deglobalization towards a decentralized pluralistic world system

**Capitalism's Last Stand?** Walden Bello,2013-06-13 Walden Bello is the world s leading no nonsense revolutionary Naomi Klein author of The Shock Doctrine In this eye opening and often scathing book Walden Bello provides a forensic dissection of contemporary capitalism s multiple crises Trenchant but constructive Bello s analysis of the collapse of the global real economy covering such issues as the Wall Street meltdown the disintegration of the Greek economy and the rise of China emphasizes the ever more pressing need to engage in a radical process of deglobalization towards a decentralized pluralistic world system Only then will we be able to construct a fairer and more equitable society A stirring call to arms for all those interested in global economic justice

**Exit from Globalization** Richard Westra,2014-10-24 Exit from Globalization moves from theory to practice from questions of where incorrigible knowledge of substantive economic life derives and how that knowledge is put towards making a progressive redistributive eco sustainable future of human flourishing Westra discards at the outset views that the root of current economic ills is the old devil we know capitalism Rather he maintains the neoliberal decades spawned a Merchant of Venice economic excrescence bent upon expropriation and rent seeking which will scrape all the flesh from the bones of humanity if not stopped dead in its tracks En route to providing a viable design for the human future in line with transformatory demands of socialists and Greens Westra exorcizes both Soviet demons and ghosts of neoliberal ideologues past which lent support to the position that there is no alternative to the market Exit from Globalization shows in a clear and compelling fashion that while debates over the possibility of another potentially socialist world swirl around this or that grand society wide scheme the fact is that creative future directed thinking has at its disposal several economic principles that transformatory actors may choose from and combine in various ways to remake human economic life The book concludes with an examination of the various social constituencies currently supporting radical change and explores the narrowing pathways to bring change about

**Global Studies Directory** ,2017-10-02 Publication of the Global Studies Directory represents an unprecedented project in world practice Based on the professional assessment by a large international team of experts the Directory offers information on the most well known scholars political and public figures who have made outstanding contributions to the establishment and development of global studies or made a fundamental impact on the formation of global world The Directory also contains comprehensive information about organizations periodicals and special literature of direct relevance to the theory and practice of globalization and fully demonstrates the state of affairs in the field of study on a global level This project is a

continuation of many years of research which first resulted in the publication of the Global Studies Encyclopedic Dictionary the companion publication to the Directory **Crises of Imagination, Crises of Power** Max Haiven,2014-03-13 Today when it seems like everything has been privatized when austerity is too often seen as an economic or political problem that can be solved through better policy and when the idea of moral values has been commandeered by the right how can we re imagine the forces used as weapons against community solidarity ecology and life itself In this stirring call to arms Max Haiven argues that capitalism has colonized how we all imagine and express what is valuable Looking at the decline of the public sphere the corporatization of education the privatization of creativity and the power of finance capital in opposition to the power of the imagination and the growth of contemporary social movements Haiven provides a powerful argument for creating an anti capitalist commons Capitalism is not in crisis it is the crisis and moving beyond it is the only key to survival Crucial reading for all those questioning the imposition of austerity and hoping for a fairer future beyond it **The End of the World as We Know It?** Deric Shannon,2014-04-21 The End of the World as We Know It explores the origins and effects of the capitalist crisis that began in 2008 It moves on to examine the responses of both the dispossessed and the ruling classes to the catastrophe giving special attention to student mobilizations around the world Weaving together a global network of stories and analyses editor Deric Shannon creates an outline of what real and effective opposition to the forces that are destroying our lives and our planet might look like From solidarity networks to revolutionary unionism student strikes and ever new forms of state and corporate control The End of the World as We Know It is a guide to the future of anticapitalist struggle Highly recommended reading for the contemporary dissident Ruth Kinna author of A Beginner s Guide to Anarchism The End of the World As We Know It will be an invaluable resource for students of political economy in our momentous times it offers an indispensable array of perspectives on the crisis in contemporary global capitalism with an eye toward dismantling it Alessandro De Giorgi author of Re thinking the Political Economy of Punishment A must read for those interested in navigating the turbulent waters of economic uncertainty political instability and global resistance The contributors not only provide clear and accessible analyses but also and more importantly a range of thought provoking proposals for change which challenge an increasingly unequal and unsustainable status quo Nathan Jun Author of Anarchism and Political Modernity There is nothing more important for anticapitalists than providing sharp analysis and relevant answers to the problems of our time rather than merely propagating noble ideals Here is a book that lives up to the task Gabriel Kuhn editor of All Power to the Councils A Documentary History of the German Revolution of 1918 1919 The contributions in The End of the World As We Know It provide us with important lessons concerning the economic crisis and the attempts of working people to create a world worth living in Andrej Grubacic author of Don t Mourn Balkanize Essays After Yugoslavia *The End of the World as We Know It?* Deric Shannon,2014 This book explores the origins and effects of the capitalist crisis that began in 2008 It moves on to examine the responses of both the dispossessed and the ruling classes

to the catastrophe giving special attention to student mobilizations around the world Weaving together a global network of stories and analyses editor Deric Shannon creates an outline of what real and effective opposition to the forces that are destroying our lives and our planet might look like P 4 of cover **The Future of Capitalism After the Financial Crisis** Richard Westra,Dennis Badeen,Robert Albritton,2014-12-17 The Future of Capitalism After the Financial Crisis The Varieties of Capitalism Debate in the Age of Austerity contains thirteen world leading political economists writing from within eight different countries who critically analyze the current crisis tendencies of capitalism both globally and in particular countries Given the likelihood of an increasingly crisis prone future for capitalism it is important not only to rethink capitalism in its current manifestations or varieties It is also important to rethink research methods and conceptual frameworks in preparation for understanding an increasingly rocky future in which capitalism itself could go the way of the many species that in the past were endangered only to become extinct More and more titles of books and articles are suggesting that capitalism or perhaps civilization itself is endangered if we do not make radical changes in the near future This book breaks with academic path dependency and attempts to open new vistas of political economy and of multidisciplinary analysis that are crucially important if our thought processes are to be effective in a world in jeopardy The varieties of capitalism VoC debate itself came into being as the Soviet Union unraveled It drew in scholarship from a cross section of Marxian and heterodox political economy The key argument of VoC was that if capitalism was the only global option then those on the Left must get involved in policy discussions on how capitalist economies can be fashioned to become competitive as well as progressive However the financial crisis has seen policy across the advanced economies veer toward competitiveness coupled with austerity The lesson for the Left is that alternatives to capitalism must be sought in the here and now

*Resistance in the Age of Austerity* Owen Worth,2013-04-11 In November 1999 the first protests associated with the anti globalisation movement took place in Seattle and came to be seen as the starting point for globalised resistance to neoliberal capitalism Despite initial optimism the following years have seen little progress in formulating a coherent alternative to neoliberalism a failure that has become particularly poignant in the aftermath of the recent credit crisis Now the neoliberal mandate that appeared to be in crisis in just 2008 has reinvented itself through the guise of a new era of austerity In this timely book Worth assesses the growing diversity of resistance to neoliberalism progressive nationalist and religious and argues that troublingly the more reactionary alternatives to globalisation currently provide just as coherent a base for building opposition as those associated with the traditional left wing anti globalisation movements From the shortcomings of the Occupy movement to the rise of Radical Islam the re emergence of the far right in Western Europe to the startling impact of the Tea Party in the US Worth shows that while a progressive alternative is possible it cannot be taken for granted *The Capitalist Mode of Destruction* Costas Panayotakis,2021-04-20 The capitalist mode of destruction investigates capitalism s mounting destructiveness Tracing today s economic ecological and democratic crises to capitalism s undemocratic use of the

surplus TMCD also highlights the necessity of a democratic classless society which would restore control of the surplus to those who produce it **Crisis States: Governance, Resistance & Precarious Capitalism** Jeff Shantz, 2016 This is an age of crisis economic political environmental and social Yet the nature of contemporary crisis is often misunderstood Crisis rather than being accidental or episodic as is too often assumed has been a regular feature of state practice in the neoliberal austerity regimes of contemporary capitalism In this timely work Jeff Shantz gives special attention to the particular manufactured crises associated with austerity regimes and conditions of precarity within contemporary capitalism and how Crisis States differ from other forms of state practice Crisis is a powerful weapon of states and capital in the pursuit of accumulation exploitation and control Engaging insights from anarchism and autonomous Marxism Shantz lays bare the real nature and character of crisis as political and social pursuits of state and capital under precarious capitalism Attention is also given to social resistance under crisis state conditions Contemporary capitalism renders the oppressed and exploited precarious at the same time as opportunities are opened to render the system itself precarious Understanding Crisis States and precarious capitalism is crucial in considering prospects for resistance
