attachments It s a great time to have discussions with your partner about creative change in your relationship and how to introduce some new goals or aspirations Your partner is likely to be highly malleable right now they really are open to suggestions and so take your opportunity to nudge them in a positive new direction Remember however you can t and will not go back you re ready for new pastures but you need some direction You are a more cautious character and so you may be surprised that things get you down or that you re quiet and less gung ho than usual This year doesn t necessarily suit your expansive personality however if you adjust you can start some valuable and productive new projects you can increase your knowledge base and come out the other side of this year with a more solid understanding of your business your career prospects or your options New relationships are exciting but unpredictable You certainly show passion but your impatience means you often corner yourself and then need to backtrack while your internal energy catches up You can make money if you grab opportunities and run with them you can become prosperous when you embrace new technology or become an early adopter You need to be flexible which is handy as that s your strong point you aren t flatfooted you re actually your best when life is in flux and a certain inspiration and imaginative thinking is needed The lay of the land is anything but certain and you have the ability not to panic but to sense where the opportunities lie and to capitalize      Scorpio Horoscope 2021 Lisa Lazuli,2020-12-16 SCORPIO HOROSCOPE 2021Yearly and monthly horoscopesLove and MarriageRomanceLife DirectionMoneyHome LifeScorpio often falls in love at first sight or perhaps after an intense encounter but this year you ease into new romances via quality conversation laughter and shared views New relationships have the potential to become long term productive enjoyable relationships Scorpio are much more likely to share you aren t holding back the dam is broken and your emotional waters run free Scorpio feel able to explore the full spectrum of involvement that a relationship offers which is very different to your usually coy and guarded approach While not every flirtatious conversation leads to a strong love relationship it tends to feed positively into your psychology so love is a bit of a tonic for you Relationships established in 2020 become more vital and passionate as you quickly develop mutual trust and feel that things are headed in a positive direction Mars square Jupiter at the Scorpio ingress brings an injection of energy and this helps you make extra money and hustle for opportunities You re successful when you go with your heart and follow business opportunities that are close to your heart You make profits and headway when you are emotionally involved in projects and have the bit between your teeth Scorpions enjoy new challenges and you are gung go getting your hands dirty as you carve out new paths which will become fulfilling both on a personal and financial level      *Capricorn (Super Horoscopes 2010)* Margarete Beim,2009-07-07 The most comprehensive day by day predictions on the market Every day people depend on their horoscopes for a glimpse of what s to come and Berkley s Super Horoscopes offer the predictions that they re searching for With special sections on the history and uses of astrology these updated books will show readers exactly what the future holds for them Each sign includes Detailed yearly and daily forecasts Rising signs and rising times Lucky numbers Cusp born and cusp dates Signs of the zodiac
