Care Of Older Adults A Strengths Based Approach:

Care of Older Adults Wendy Moyle, Deborah Parker, Marguerite Bramble, 2014-09-19 Written by internationally renowned authors this is a comprehensive introduction to aged care for the nursing profession in clinical practice **Mental**

Wellness in Aging Judah L. Ronch, Joseph A. Goldfield, 2003 This provocative volume guides practitioners and future practitioners alike to use strengths based interventions in helping older adults to help themselves and improve their quality of life by reinforcing and valuing their age wisdom and experiences This book's renowned authors emphasize an extremely practical strengths based multidisciplinary social physical psychological and spiritual approach to therapy with older adults and an abundance of detailed case studies shows you how it can be applied Learn innovative ways to focus interventions on older adults remaining strengths and successful coping strategies using principles of autonomy and consumer empowerment to increase quality of life solution focused therapies reformulated constructs about retirement creative approaches to aging such as transpersonal gerontology cultural competence in care management narrative therapies strengths based treatment of traumas new concepts of nursing facility care and more This is the textbook for students in undergraduate graduate or certificate programs in social work gerontology psychology psychotherapy geropsychiatry counseling and marital and family therapy Plus providers of mental health care pastoral counseling care case management and allied health care providers will find inspiration and guidance for working with today's burgeoning population of elders **Strengths-based Care**

Management for Older Adults Becky Fast, 2000 This ready to use curriculum trains both new and experienced case managers to focus attention on older clients remaining strengths instead of losses Teaching modules cover all skills needed to establish a successful helping relationship use effective strategies and develop goal plans Includes reproducible handouts and exercises **Strengths-Based Practice in Adult Social Work and Social Care** Robin Miller, Sharanya

Mahesh, 2025-03-31 Drawing on the expertise of researchers educators practitioners and those with lived experience of accessing social work and social care services this book presents both an objective and practice relevant overview of strengths based practice in the UK and international examples of strengths based practice being applied in other contexts The potential benefits for individuals families and communities of social work adopting a strengths based approach in adult social work and social care are widely recognised across the four nations of the UK Despite this there remains much uncertainty about what good strengths based approaches are and how they can be practically supported in practice policy and research Presenting a contemporary picture of how strengths based practice is understood within a UK social work and social care context within each of the home nations this book draws on the latest research and practice knowledge to discuss and critique the impacts and implementation of the main strength based models Drawing on learning from other countries and practice within children's services it also reflects on the theoretical thinking which underpins strengths perspectives and identifies future challenges and opportunities within adult social work and social care in the UK It will be of interest to all

scholars students and practitioners of social work and social care across all four nations of the UK and those from other countries who are interested in international learning **Strengths-Based Therapy** Elsie Jones-Smith,2013-01-09 Combining both the theory and practice of strengths based therapy Elsie Jones Smith introduces current and future practitioners to the modern approach of practice presenting a model for treatment as well as demonstrations in clinical practice across a variety of settings This highly effective form of therapy supports the idea that clients know best about what has worked and has not worked in their lives helps them discover positive and effective solutions through their own experiences and allows therapists to engage their clients in their own therapy Drawing from cutting edge research in neuroscience positive emotions empowerment and change Strengths Based Therapy helps readers understand how to get their clients engaged as active participants in treatment **Functional Performance in Older Adults** Bette R Bonder,Vanina Dal Bello-Haas,2017-12-04 Support the very best health well being and quality of life for older adults Here s the ideal resource for rehabilitation professionals who are working with or preparing to work with older adults You ll find descriptions of the normal aging process discussions of how health and social factors can impede your clients ability to participate in regular activities and step by step guidance on how to develop strategies for maximizing their well being

The Strengths Perspective in Social Work Practice Dennis Saleebey,1997 **Foundations of Social Work Practice in the Field of Aging** Roberta Rubin Greene,2007 The aging of societies is a global phenomenon In the United States alone the life expectancy for both men and women will continue to increase over the next few decades and with that a population explosion of older adults The dramatic increase in the number and diversity of older adults elevates the visibility of gerontological matters As a result social work practice is becoming more multigenerational thereby demanding social workers regardless of their professional endeavors to be equipped with the most innovative theories and practices to serve older adults and their families This comprehensive text spans the new knowledge and skills required in direct practice areas group work and macro practice It also outlines the Geriatric Social Work Competencies as developed by social work educators necessary to serve the older adult population and suggests how these competencies can be integrated into foundation curriculum Social work educators students practitioners administrators and policymakers will find updated useful information in this text regarding assessment tools cultural influences evidence based practices intervention techniques theoretical examples Individuals are living longer and healthier lives in part because of the extraordinary growth of biomedical knowledge and public health initiatives The confluence of the rapid and large increase of the older population and the exponential increase in the dissemination of knowledge create an imperative for social workers to employ the most recent knowledge in their practice with people living increasingly long lives JoAnn Damron Rodriguez Department of Social Welfare University of California Los Angeles **Handbook of Social Work in Health and Aging** Barbara Berkman,2006-02-09 The fields of health care aging and social work are often treated as discrete entities while all social workers deal with issues of

health and aging on a daily basis regardless of practice specialization The Handbook of Social Work in Health and Aging is the first reference to address this reality by compiling the most current thinking on these subjects in a single volume With the population of older adults increasing as rapidly as new possibilities for their care professionals need an accessible source of specialized information about how best to serve the elderly and their families and they will find this authoritative handbook indispensable In 100 original chapters the most experienced and prominent gerontological health care scholars in the United States and across the world provide social workers with up to date knowledge of evidence based practice guidelines for effectively assessing and treating older adults and supporting their families The contributing authors paint rich portraits of a variety of populations that social workers serve and arenas in which they practice followed by detailed recommendations of best practices for an array of physical and mental health conditions Its unprecedented attention to diversity global trends and implications for research government policy and education make the publication of such a compendium a major event in the field of gerontological social work Ambitious and multi dimensional this handbook represents the best research on health and aging available to social workers today

Supporting Older People Using Attachment-Informed and Strengths-Based Approaches Lydia Fransham/Guthrie,Imogen Blood,2018-07-19 The first practical guide to cover the basics of attachment theory and how it can be applied to improve the wellbeing of older adults in care The Care Act 2014 proposed a radical shift to a preventative strengths based approach to social care and this book includes tools for frontline health and care workers to adapt this policy into practice

An Evidence-based Approach to the Treatment and Care of the Older Adult with Cancer

Diane G. Cope,Anne M. Reb,2006 Description The book offers a comprehensive overview of the treatment and care of the older adult with cancer The evidence based practice approach is timely and provides the foundation for nursing practice that is the expected standard of care The use of the case study at the end of each chapter assists the reader in the synthesis and application of the information The book addresses every aspect of the care and treatment of not only the cancer patient but also the family The chapter on complementary therapy is a bonus Purpose The purpose is to focus on the unique aspects of treatment and care that the older adult with cancer requires Addressing the older adult with cancer is of paramount importance to not only the health of the individual but of the family community and society The book meets the author s objectives Audience This is written for all healthcare providers The authors have written a book that can be used by gero oncology nurses but it is appropriate for the multidisciplinary team that provides care to the older adult with cancer The authors have the professional background with applicable experience to edit this book Features This book covers more than the care and treatment of cancer in the older adult It provides necessary background information that demonstrates the impact of cancer on the older patient and their significant others The assessment information is useful for both experienced and novice nurses The use of chapter case studies enables healthcare providers to apply the chapter content The use of an evidence based practice approach to delivering healthcare is essential The information allows nurses to use the findings from

reviewed research literature in providing the best care for their patients in an efficient manner that also considers patient preferences the risks and the benefits of treatment or lack thereof Assessment This book provides guidance to novice to expert nurses in the treatment and care of the older adult cancer patient using a holistic approach The chapters are well written by authors who are experts in their field The Cochrane Guidelines are considered the gold standard for evaluating research that impacts treatment selection and care of all patients Their use in the reference materials lends credibility to the information that is presented in the book Publisher
