Grace Yourself Chris Janssen, 2025-02-18 Chris Janssen's USA Today bestseller *Grace Yourself* is a guide for anyone struggling with addiction to move beyond self-limiting behavior into a life of fullness and freedom. Alcohol had a hold on Chris Janssen's actions and thoughts until she made the life-changing decision to attend a support meeting and realized two truths: it wasn't her fault and she wasn't alone. Once she was embraced by a community that offered a nonjudgmental look at her struggles, Chris discovered that if she wanted to have a full and lasting life, alcohol could have no part in it. In *Grace Yourself*, a humble account of Chris's transformation to an alcohol-free life, she offers a hand to others who are experiencing similar struggles, whether their addiction is alcohol or anything else. With heaps of grace, Chris shares the ups and downs of her journey while teaching you how to get curious and ask questions that move you forward. There is zero shame in her approach, and her expertise in coaching will help you let go of what's holding you back so you can live a full and free life. *Grace Yourself* will help you get crystal clear on what you want and why you want it. Identify limiting beliefs keeping you stuck. Create sustainable narratives that serve you and your goals. This is a book for recovering sobriety after relapse, recovering perfectionists, and for anyone who desires to release controlling thoughts. *Grace Yourself* will help you realize that your worth is not dependent upon your actions or mistakes but rather your value and power is within you now to live the extraordinary life you want.

Who Needs Gay Bars? Greggor Mattson, 2023-05-30 Gay bars have been closing by the hundreds. The story goes that increasing mainstream acceptance of LGBTQ people plus dating apps like Grindr and Tinder have rendered these spaces obsolete. Beyond that, rampant gentrification in big cities has pushed gay bars out of the neighborhoods they helped make hip. *Who Needs Gay Bars?* considers these narratives, accepting that the answer for some might be maybe nobody. And yet Jarred, by the closing of his favorite local watering hole in Cleveland, Ohio, Greggor Mattson embarks on a journey across the country to paint a much more complex picture of the cultural significance of these spaces inside big four gay cities but also beyond them. No longer the only places for their patrons to socialize openly, Mattson finds in them instead a continuously evolving symbol, a physical place for feeling and challenging the beating pulse of sexual progress. From the historical archives of Seattle's Garden of Allah to the outpost bars in Texas, Missouri, or Florida that serve as community hubs for queer youth, these are places of celebration where the next drag superstar from Alaska or Oklahoma may be discovered. They are also fraught grounds for confronting the racial and gender politics within and without the LGBTQ community. The question that frames this story is not asking whether these spaces are needed but for whom, earnestly exploring the diversity of folks and purposes they serve today. Loosely informed by the *Damron Guide*, the so-called Green Book of gay travel, Mattson logged 10,000 miles on the road to all corners of the United States. His destinations are sometimes thriving, sometimes struggling, but all offering intimate views of the wide range of gay experience in America: POC, white, trans, cis, past, present, and future.

influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won't care about are less likely to show up in their feed. We do know however that Instagram is looking at the following: Timely content. This is all about recency meaning if a user hasn't logged in for a while they won't have to scroll through outdated and no longer relevant posts. They'll be shown timely content that matters to them. Interest. This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in. Relationships. Instagram knows what photos users tag and where they comment. So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future. For marketers this is a great thing. It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience. A few notes about Instagram Shopping. With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace. While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform. For businesses that want to enable the Shopping capability they need to meet the following requirements: You must have an Instagram business profile. That business profile needs to be connected to a Facebook catalog. Your company's registered headquarters location must be located in one of the Instagram approved countries. Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram. As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability.
