activities **Questioning Technology with Jacques Ellul** David W. Gill, Lisa Richmond, 2025-10-07 Twenty first century technology is an ever expanding powerful force in virtually every aspect of human life and every corner of the globe So much of modern technology has resulted in positive improvements in communication work health and other domains Technology s promises and possibilities for the future are often glowing But it is one thing for technology to function as a tool serving human purpose and flourishing and quite another for it to be granted the position of unquestioned master All technologies deserve to be questioned What are their costs trade offs and potential or real negative impact And how do we create limits and controls for technological invasion when these would be wise and necessary Questioning Technology with Jacques Ellul addresses these questions in both the big picture and in their relevance to specific arenas such as art politics work and religion with voices from not just the academy but also the workplace and society To Believe or Not Believe Rausch, Thomas P., SJ, 2024 Based on years of teaching this book examines the faith of young adults in a broad context not just of secular society or because of nonobservant parents but a society which fails to grasp the nature of truth or the transcendent a failure to grasp Catholicism s deep conviction of the compatibility of faith and reason and how we encounter the mystery of the divine and contemporary America s truncated vision of salvation While these young adults are not hostile and willing to listen a religious background is often missing This book addresses young people and those who work with them teachers pastors or parents In our post truth society many are formed by social media rather than an education in the humanities Disinformation is also a major problem poisoning our politics as is the secularity of a culture that has little concern for the religious traditions that once shaped it This is the world our young adults inhabit The concluding reflections offer some practical suggestions **The Valencia Expat Club** June Patrick, 2026-01-06 One Italian Summer meets Eat Pray Love in this heartwarming novel following a recent divorcee s escape to Spain where delicious food romantic adventures and the transformative magic of starting over leads her to reconnect with family forge new friendships and rediscover herself Dahlia Delaney s marriage just imploded her friend group picked a side not hers and her fancy San Francisco life now fits into a single suitcase Armed with a broken heart a freelance marketing gig and one blurry childhood memory of her abuela s garden she impulsively hops on a flight to Valencia Spain to reconnect with distant family and maybe herself But Valencia isn t just sunny plazas and sangria There s her chaotic new job at a quirky expat bar a family she barely knows but who embrace her like she s always belonged and a brooding American bar owner who s frustratingly attractive and entirely too familiar As Dahlia stumbles through language mishaps clashing cultures and late night paella with new friends she begins to realize that the fresh start she came for might turn into something even better if she can let go of the life she planned and embrace the one unfolding around her Perfect for anyone who s ever dreamed of starting over somewhere with better wine The Valencia Expat Club is a sparkling laugh out loud romantic escape about second chances delicious detours and finding home where you least expect it **Media Review Digest** C.
