Picture Book Toddlers Hardcover:

Reading Picture Books with Infants and Toddlers Jane Torr, 2023-03-03 Reading picture books with infants and toddlers facilitates their early language development with far reaching benefits for their later reading abilities and academic achievement. While the importance of reading books with children aged from 3 to 5 years is widely recognised the benefits of reading with much younger children from 0 to 3 years who are still engaged in learning their first language are less well understood. This book will explore the seemingly simple practice of reading picture books with infants and toddlers aged 0-3 years from a range of perspectives. Not only do book focused adult child interactions support language and early literacy development in multiple ways such interactions can also at the same time foster intellectual, social, emotional and spiritual growth. By weaving together in an accessible manner the insights from several different discipline areas this book will explain how and why reading with infants and toddlers has such power to enrich their lives. Providing an evidence based, theoretically informed account *Reading Picture Books with Infants and Toddlers* supports educators, parents and caregivers with the knowledge, skills and motivation to provide frequent, enjoyable and language rich reading experiences with infants and toddlers.

Reading with Babies, Toddlers and Twos Susan Straub, KJ Dell'Antonia, 2013-05-07 It's never too early or too late to start sharing books with your baby. Reading is one of the first activities you can enjoy with your child and *Reading with Babies, Toddlers and Twos* gets you started. Instill a love for reading early by answering questions such as: Which books will a newborn baby enjoy? What do you buy after you've read *Goodnight Moon*? Are eBooks and apps appropriate for young children? Can I make up a story to tell my child? What are the best collections of fairy tales, fables and other classic stories? A parenting resource to help with early learning and literacy, Straub, Dell'Antonia and Payne use their decades of experience as parents, book reviewers and children's librarians to bring you the very best in children's books so you'll never run out of ideas for reading with your baby. An accessible and enjoyable guide, this book is a go-to resource.

Critical Multicultural Analysis of Children's Literature Maria José Botelho, Masha Kabakow Rudman, 2009-05-07

Children's literature is a contested terrain as is multicultural education. Taken together, they pose a formidable challenge to both classroom teachers and academics. Rather than deny the inherent conflicts and tensions in the field, in *Critical Multicultural Analysis of Children's Literature: Mirrors, Windows, and Doors*, Maria José Botelho and Masha Kabakow Rudman confront, deconstruct, and reconstruct these terrains by proposing a reframing of the field. Surely all of us children's teachers and academics can benefit from this more expansive understanding of what it means to read books. Sonia Nieto, From the Foreword:

Critical multicultural analysis provides a philosophical shift for teaching literature, constructing curriculum, and taking up issues of diversity and social justice. It problematizes children's literature, offers a way of reading power, explores the complex web of sociopolitical relations, and deconstructs taken-for-granted assumptions about language, meaning, reading, and literature. It is literary study as sociopolitical change. Bringing a critical lens to the study of multiculturalism in children's literature, this book prepares teachers, teacher educators, and researchers of children's literature to analyze the ideological dimensions of reading and studying literature. Each chapter includes recommendations for classroom application, classroom research, and further reading. Helpful end-of-book appendixes include a list of children's book awards, lists of publishers, diagrams of the power continuum, and the theoretical framework of critical multicultural analysis, and lists of selected children's literature journals and online resources.
