## **Viral Hit Instagram Book Club:**

**Social Reading Cultures on BookTube, Bookstagram, and BookTok** Bronwyn Reddan, Leonie Rutherford, Amy Schoonens, Michael Dezuanni, 2024-04-30 This book examines the reading cultures developed by communities of readers and book lovers on BookTube Bookstagram and BookTok as an increasingly important influence on contemporary book and literary culture. It explores how the affordances of social media platforms invite readers to participate in social reading communities and engage in creative and curatorial practices that express their identity as readers and book lovers. The interdisciplinary team of authors argue that by creating new opportunities for readers to engage in social reading practices bookish social media has elevated the agency and visibility of readers and book consumers within literary culture. It has also reshaped the cultural and economic dynamics of book recommendations by creating a space in which different actors are able to form an identity as mediators of reading culture. Concise and accessible this introduction to an increasingly central set of literary practices is essential reading for students and scholars of literature, sociology, media and cultural studies as well as teachers and professionals in the book and library industries.

**Inside Book Publishing** Angus Phillips, Giles Clark, 2019-08-09 Now fully revised and updated for its sixth edition *Inside Book Publishing* is the classic introduction to the book publishing industry. Giles Clark and Angus Phillips offer authoritative coverage of all sectors of the industry from commercial fiction and non-fiction to educational publishing and academic journals. They reveal how publishers continue to adapt to a fast changing and highly interconnected world in which printed books have proved resilient alongside ebooks and the growth of audio. Major themes are explored including the development of digital products and the use of social media in book marketing as well as those that affect publishers' businesses such as the rise of internet retailing, rental models for student textbooks and open access where academic content is free to the user. Case studies from industry experts give fascinating perspectives on topics such as crowdfunding, self publishing and how authors can market themselves. The book provides excellent overviews of the main aspects of the publishing process: commissioning, authors, product development, design and production, marketing, sales and distribution. As a manual for those in the profession and a guide for the potential publishers of the future *Inside Book Publishing* remains a seminal work for anyone with an interest in the industry. It will also be of interest to authors seeking an insider's view of this exciting industry.

**Ladino on the Internet** Carlos Yebra López, 2024-12-20 *Ladino on the Internet* constitutes the first critical and systematic account written in English on the online revitalisation of Ladino. This book conclusively demonstrates that nowadays the global Ladino speaking community connects first and foremost online which calls for a full comprehensive examination of the web based development of the Sephardic diaspora including that of Ladino as a qualitatively different stage termed Sepharad 4 in this monograph. Drawing upon the methodological framework of Revivalistics and including a comparative analysis with similar initiatives apropos Yiddish this volume analyses case studies including YouTube, digital archives, social media platforms, language learning apps online.

schools and Ladino on Netflix plus on Web 3.0 platforms This monograph will appeal to scholars and postgraduate students seeking to familiarise themselves with the use of technological tools to further the revitalisation of endangered languages such as Ladino The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY 4.0 license [What Readers Do](#) Beth

Driscoll,2024-02-21 Shining a spotlight on everyday readers of the 21st century Beth Driscoll explores how contemporary readers of Anglophone fiction interact with the book industry digital environments and each other We live in an era when book clubs bibliomemoirs Bookstagram and BookTok are as valuable to some readers as solitary reading moments The product of nearly two decades of qualitative research into readers and reading culture What Readers Do examines reading through three dimensions aesthetic conduct moral conduct and self care to show how readers intertwine private and social behaviors and both reinforce and oppose the structures of capitalism Analyzing reading as a post digital practice that is a synthesis of both print and digital modes and on and offline behaviors Driscoll presents a methodology for studying readers that connects book history literary studies sociology and actor network theory Arguing for the vitality agency and creativity of readers this book sheds light on how we read now and on how much more readers do than just read [Fail-Proof](#)
