Giap The General Who Defeated America In Vietnam:

Giap James A. Warren,2013-09-24 An in depth look at the strategy and tactics of the visionary commander who beat the United States in the Vietnam War **Secret Green Beret Commandos in Cambodia** Fred S. Lindsey,2012 We could call this book Special Operations Recon Mission Impossible A small group of highly trained resourceful US Special Forces SF men is asked to go in teams behind the enemy lines to gather intelligence on the North Vietnamese Army units that had infiltrated through Laos and Cambodia down the Ho Chi Minh trails to their secret bases inside the Cambodian border west of South Vietnam The covert reconnaissance teams of only two or three SF men with four or five experienced indigenous mercenaries each were tasked to go into enemy target areas by foot or helicopter insertion They could be 15 kilometers beyond any other friendly forces with no artillery support In sterile uniforms with no insignia or identification if they were killed or captured their government would deny their military connection The enemy had placed a price on their heads and had spies in their Top Secret headquarters known as SOG SOG had three identical recon ground units along the border areas This book tells the history of Command and Control Detachment South CCS The CCS volunteer warriors and its Air Partners the Army and Air Force helicopter transport and gunship crews who lived and fought together and sometimes died together This is the first published history of CCS as compiled by its last living commander some forty years after they were disbanded It tells of the struggles and intrigue involved in SOG s development as the modern day legacy of our modern Special Operations Commands Forbidden to tell of their experiences for over twenty years their After Action Reports destroyed even before they were declassified surviving veterans team together to tell how Recon men wounded averaged 100 percent and SOG became the most highly decorated unit in Vietnam and all were awarded the Presidential Unit Citation **Masters of Warfare** Eric G. L. Pinzelli,2022-12-02 In Masters of Warfare Eric G L Pinzelli presents a selection of fifty commanders whose military achievements skill or historical impact he believes to be underrated by modern opinion He specifically does not include the household names the Gods of War as he calls them such as Alexander Julius Caesar Wellington Napoleon Rommel or Patton that have been covered in countless biographies Those chosen come from every period of recorded military history from the sixth century BC to the Vietnam War The selection rectifies the European US bias of many such surveys with Asian entries such as Bai Qi Chinese Attila Hunnic Subotai Mongol Ieyasu Tokugawa Japanese and V Nguyen Giap Vietnamese Naval commanders are also represented by the likes of Khayr al Din Barbarossa Francis Drake and Michiel de Ruyter These 50 Masters of War are presented in a chronological order easy to follow with a concise overview of their life and career Altogether they present a fascinating survey of the developments and continuities in the art of command but most importantly their contribution to the evolution of weaponry tactic and strategy through the ages **The Encyclopedia of the Vietnam War** Bloomsbury Publishing,2011-05-20 Now in its second edition this comprehensive study of the Vietnam War sheds more light on the longest and one of the most controversial conflicts in U S history The Vietnam War lasted more

than a decade was the longest war in U S history and cost the lives of nearly 60 000 American soldiers as well as millions of Vietnamese many of whom were uninvolved civilians The lessons learned from this tragic conflict continue to have great relevance in today s world Now in its second edition The Encyclopedia of the Vietnam War A Political Social and Military History adds an entire additional volume of entries to the already exhaustive first edition making it the most comprehensive reference available about one of the most controversial events in U S history Written to provide multidimensional perspectives into the conflict it covers not only the American experience in Vietnam but also the entire scope of Vietnamese history including the French experience and the Indochina War as well as the origins of the conflict how the United States became involved and the extensive aftermath of this prolonged war It also provides the most complete and accurate order of battle ever published based upon data compiled from Vietnamese sources This latest release delivers even more of what readers have come to expect from the editorship of Spencer C Tucker and the military history experts at ABC CLIO

America Coming to Terms: The Vietnam Legacy Nguyen Anh Tuan, 2008-12-23 Douglas Pike an eminent authority on Southeast Asia and particularly on Vietnam wrote Dr Nguyen Anh Tuan is a highly respected economist and political thinker Even perhaps for our purpose here he is a man of great breadth of view a philosopher in the true meaning of the word In America Coming to Terms Dr Nguyen Anh Tuan addresses himself to the central issue of the Vietnam War This ambitious study seeks to place the U S involvement in Vietnam into the broader context of American and world history The legacy of the Vietnam War remains a critical topic particularly with the war in Iraq generating the specter of conflicting partisan politics in a deeply divided country America s involvement in Vietnam was misunderstood at the time and is still misrepresented now As the Iraq War often invites comparisons with the Vietnam War a full understanding of the U S experience in Vietnam is essential More importantly lessons learned from Vietnam can be applied to Iraq at present as well as to any U S conflict in the future America Coming to Terms will help the American public to better understand the real legacy of the Vietnam War It will provide Americans liberal as well as conservative Democrat as well as Republican with substantive reasons to be united and to be proud of America Most importantly it will meaningfully impact the writing of American history for future generations and change for the better the world s perception of the American people and of America Steven Hayward a most distinguished scholar wrote Revisionist historians two or three generations from now are likely to begin making the argument that the United States won the ultimate victory in the Vietnam War and that it should be seen as the turning point in the Cold War In America Coming to Terms Dr Tuan set the record straight that notwithstanding a number of mistakes that were committed not only America won the Cold War but ultimately also won the Vietnam War Vietnam War James H. Willbanks, 2013-01-08 The Vietnam War was one of America s longest bloodiest and most controversial wars This volume examines the complexities of this protracted conflict and explains why the lessons learned in Vietnam are still highly relevant today Vietnam War The Essential Reference Guide provides a compendium of the key people places organizations treaties

and events that make up the history of the war explaining its causes how it was conducted and its far reaching consequences Written by recognized authorities this ready reference volume provides essential information all in one place and includes a comprehensive list of additional sources for further study The work presents a detailed chronology that outlines the numerous battles and campaigns throughout the war such as the Tet Offensive the Battle of Hamburger Hill Operation Rolling Thunder and the Battle of Hue Biographies on Lyndon Johnson William Westmoreland Robert McNamara Ngo Dinh Diem and other major political figures and military leaders provide insight into the individuals who played key roles in the conflict while primary source documents such as President Nixon s speech on Vietnamization provide invaluable historical context

Abandoning Vietnam James H. Willbanks,2004 Drawing upon both archival research and his own military experiences in Vietnam Willbanks focuses on military operations from 1969 through 1975 He begins by analyzing the events that led to a change in U S strategy in 1969 and the subsequent initiation of Vietnamization He then critiques the implementation of that policy and the combat performance of the South Vietnamese army ARVN which finally collapsed in 1975

Musharraf's Pakistan, Bush's America & the Middle East Ahmad Faruqui,2008 *Vietnam, an American Ordeal* George Moss,1998 Provides a comprehensive narrative history of U S involvement in Southeast Asia from the mid 1940s to the mid 1970s giving full and unbiased treatment It also discusses why Americans tried so hard to stop the spread of Communism into Indochina And why they failed Blending Vietnamese and American political diplomatic and military history this book presents U S involvement in southeast Asia as an episode in the forty year Cold War between the U S and the Soviet Union It also points out the French effort to reimpose colonialism on Vietnam The third edition of History of the Vietnam War has been revised to include an expanded account of the postwar period leading to the restoration of normal relations between the U S and Vietnam on July 11 1995 It reveals the strong national identity of the Vietnamese people against Kennedy a committed Cold Warrior It also analyzes media coverage of the war and the anti war movement in the U S to demonstrate that neither really turned public opinion against the war
