Gift Beyond Hannah Jordan Paperback:

A Gift from Beyond C. J. Lange, 2015-11-30 When the graves in a small community were being unearthed and the story didn't make the local news, Sylvia Ragan didn't need to read the news. She experienced these strange events in her mind but before she could delve deeper into the spiritual world beyond to find the reasons behind these events, her intuitive abilities began to fade away. As her life was nearing its end, she wondered who was doing this and why. She wanted this mystery to be solved before she died, so she would document every event in a journal for her nephew Mark Bowman. When Mark, who is Sylvia's only heir, calls in a brilliant private investigator named Hannah Jordan to solve the mystery, she witnesses the most bizarre case of her investigative career. Piece by piece, as Hannah finds the truth, she discovers that other lives, innocent lives that are right in the middle of the puzzle, are in great danger. She realizes that she must do everything in her power to save them and does the only thing she knows to do. **A Gift from Beyond: From the Case Files of Hannah Jordan**

This book, as my others before, is intended to let the reader's imagination go where it will until they learn the answers found by Hannah Jordan. **The Book**

of the Former Prophets Thomas W. Mann, 2012-09-01 The Former Prophets of the Hebrew Bible include the books of Joshua through 2 Kings; it is a narrative of ancient Israel's history of some seven hundred years from the conquest of Canaan to the exile when Israel lost the land. Thomas Mann adopts a critical perspective and incorporates many distinct literary sources from different times into his work. The result is a compelling example of ancient historiography as well as an impressive artistic achievement. The book contains fascinating and often horrifying stories of war, religious fanaticism, terror, and disaster, as well as stories of deep personal loyalty, friendship, and faith. Finally, in a deeply thoughtful and constructive way, The Former Prophets addresses perennial questions like, among others: What is the relationship between divine sovereignty and human political institutions? In what sense are historical events the result of human acts and also of divine Providence? **Forthcoming Books** Rose Arny, 2004 **Friends' Weekly Intelligencer**, 1883 **Friends' Intelligencer**
