**Cultural Citizenship and Popular Culture** Joke Hermes, 2023-09-27 Written in an accessible and engaging style this book uses a series of case studies to show how popular media are important to us as a source of pleasure and entertainment but also in communicating about the world with others Social media platforms have changed how we talk about what we like and dislike in our popular media use Cultural citizenship shows how these discussions speak to belonging to what we feel our rights and responsibilities are in

today's polarized world Cultural Citizenship and Popular Culture is based on audience led research and does not privilege textual analysis as a starting point for taking popular media use's measure Instead it offers research tools to listen to others This book offers scholars and students of media and creative industries a means to understand their professional position as one in which they engage with rather than assume to know what users of popular cultural texts and products think and feel

**Auswahl von Grabsteinen auf dem Niederland.-Israel. Begrabnisplatze** David Henriques Castro,1999 **You Should Quit Reddit** Jacob Desforges,2023-02-21 In recent years countless books articles and documentaries have addressed the negative effects that social media platforms have wrought on their users and society However these former works are incomplete nearly no attention has been paid to Reddit one of the most popular websites in the world Reddit is certainly unique among social platforms but its potential for addiction and darker side of nefarious activity should absolutely not be understated Additionally nearly no actionable advice has been provided to users of these platforms The audience is told that these websites and apps are harming their mental health wasting their time and that they are addictive which would logically make the task of quitting rather difficult but then provided zero guidance on how to disconnect from them Over 200 000 users gather on Reddit s r NoSurf community to discuss reducing their internet use the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over For moderate to heavy users of these platforms quitting is clearly not so simple You Should Quit Reddit is a paradigm shift in the genre Jacob Desforges was a Reddit user of over a decade and a self admitted Reddit addict who spent on average around three hours daily on the site Not only is this the first book investigating Reddit s flaws as a platform but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms This book therefore also provides readers with the practical advice tools and techniques needed to shatter the cycle of digital addiction enabling them to quit visiting Reddit and other time wasting websites for good so they can effectively reclaim their time to use in a more intentional manner **HonorSociety.org Reddit Review** Mike Moradian,2020-08-28 Are you ready to figure out once and for all what the social media forum site Reddit can do for you In this revolutionary tell all book we dive deep into the Reddit nuances how to adhere to Reddiquette and how to provide your own community posts We also review marketing on Reddit the do s and don ts of this overlooked social site and how you can get started with your own Reddit profile today If you ve been putting off mastering the art of Reddit and sharing your insight with their welcoming community this book is designed to prepare you moving forward With our Honor Society Strength Honor Guides we are aiming to equip you with everything you need to be successful starting today **DICTATING THE TERMS** Shane Michael Snyder,2019 In late 2014 the mainstream press reported about a far right movement that sought to discredit feminist anti racist and trans inclusive interventions in the video games industry its products and its consumer culture Called GamerGate by its devotees the movement began when American game designer Zoe Quinn weathered public harassment after her ex boyfriend published a five part essay falsely alleging she had sex with a game journalist to collect a positive review for her game

Depression Quest GamerGate activists launched a smear campaign against Quinn but attempted to absolve themselves of harassment by rebranding the movement as a game consumer revolt against unethical journalists and leftist academics. Almost five years later, GamerGate continues to grow in membership on its official subreddit, r/KotakuInAction, which is a self-governed community hosted on the popular discussion forum-based social media platform Reddit. Shortly after r/KotakuInAction materialized, a conscientious objector created the pro-feminist r/GamerGhazi to resist GamerGate. Despite Reddit's massive user base (its 1.2 million subreddits) and its ubiquity in American culture, it remains an underexplored space in the academic literature. Academics have neither adequately addressed Reddit's role in promoting far-right communities like r/KotakuInAction nor the efficacy of using Reddit as a space for staging feminist resistance to such communities. Drawing from feminist epistemology, intersectionality, and masculinity studies, this dissertation investigates r/KotakuInAction and r/GamerGhazi's use of the Reddit interface, most particularly its upvoting and downvoting mechanic, to shape debates around feminism and critical race issues in American culture. The research is based on data collected over the course of six months from discussion threads on each subreddit, subreddit wiki documents, and the video game *Kingdom Come: Deliverance*. Using a mixed methods approach defined by textual analysis of site commentary and wiki documents, visual analysis of each subreddit's aesthetic, and a video game text and an analysis of Reddit's user interface and algorithm, this dissertation addresses the political tensions and contradictions within and between r/KotakuInAction and r/GamerGhazi. This project concludes that Reddit's design and algorithm make it unlikely for intersectional feminist communities to thrive on the platform.
