A SELF HELP MANUAL FOR HUMAN BEINGS The Little Book of Emotional Intelligence is an immediate outcome focused primer on the important topic of EQ which provides practical no nonsense life advice and takes a sideways look at a world which is complicated and overwhelming at times Do you seem to spend half your life counting down the days til your next holiday Does it sometimes feel like your life is being lived on fast forward with little time for reflection or idle amusement It s time to stop kicking happiness into the long grass and get on with really living Funny colourful and profound this book is a gripping manual for the human mind enabling you to understand and control your emotions communicate better unpick limiting beliefs and finally get around to living a happier more balanced life *Permission to Feel* Marc Brackett,

Ph.D.,2019-09-03 The mental well being of children and adults is shockingly poor Marc Brackett author of *Permission to Feel* knows why And he knows what we can do We have a crisis on our hands and its victims are our children Marc Brackett is a professor in Yale University s Child Study Center and founding director of the Yale Center for Emotional Intelligence In his 25 years as an emotion scientist he has developed a remarkably effective plan to improve the lives of children and adults a blueprint for understanding our emotions and using them wisely so that they help rather than hinder our success and well being The core of his approach is a legacy from his childhood from an astute uncle who gave him permission to feel He was the first adult who managed to see Marc listen to him and recognize the suffering bullying and abuse he d endured And that

was the beginning of Marc's awareness that what he was going through was temporary. He wasn't alone, he wasn't stuck on a timeline, and he wasn't wrong to feel scared, isolated, and angry. Now, best of all, he could do something about it. In the decades since, Marc has led large research teams and raised tens of millions of dollars to investigate the roots of emotional well-being. His prescription for healthy children and their parents, teachers, and schools is a system called RULER, a high-impact and fast-effect approach to understanding and mastering emotions that has already transformed the thousands of schools that have adopted it. RULER has been proven to reduce stress and burnout, improve school climate, and enhance academic achievement. This book is the culmination of Marc's development of RULER and his way to share the strategies and skills with readers around the world. It is tested, and it works. This book combines rigor, science, passion, and inspiration in equal parts. Too many children and adults are suffering; they are ashamed of their feelings and emotionally unskilled, but they don't have to be. Marc Brackett's life mission is to reverse this course, and this book can show you how.

**Focus** Daniel Goleman, 2013-10-08 In Focus Psychologist and journalist Daniel Goleman, author of the 1 international bestseller Emotional Intelligence, offers a groundbreaking look at today's scarcest resource and the secret to high performance and fulfillment: attention. Combining cutting-edge research with practical findings, Focus delves into the science of attention in all its varieties, presenting a long overdue discussion of this little noticed and under-rated mental asset. In an era of unstoppable distractions, Goleman persuasively argues that now more than ever we must learn to sharpen focus if we are to survive in a complex world. Goleman boils down attention research into a threesome: inner, other, and outer focus. Drawing on rich case studies from fields as diverse as competitive sports, education, the arts, and business, he shows why high achievers need all three kinds of focus and explains how those who rely on Smart Practices, mindfulness, meditation, focused preparation, and recovery, positive emotions, and connections, and mental prosthetics that help them improve habits, add new skills, and sustain greatness excel while others do not.
