Seriality in the Streaming Era Lene Heiselberg, Bo Kampmann Walther, Jakob Isak Nielsen, Rasmus Rønlev, 2025-09-12  
Seriality in the Streaming Era explores the dynamic transformation of serialized storytelling in the digital era where platforms like Netflix Disney and Apple Podcasts have redefined how narratives are created consumed and experienced This book examines the profound impact of streaming technologies on both fictional and nonfictional series offering an in depth analysis of how these formats have evolved Drawing from case studies across a wide range of media from television to podcasts and social media platforms like Facebook and Snapchat this book highlights how serialized storytelling has adapted to diverse formats and consumption habits The authors explore key trends such as platform specific narrative structures audience engagement and the blending of genres in both entertainment and journalism With a focus on both the aesthetic and functional shifts in seriality the book offers theoretical insights into the future of storytelling in a media landscape increasingly shaped by data driven strategies and audience participation Furthermore the book tackles how seriality navigates the delicate balance between creativity and commercial demands As a significant contribution the book features interviews with key industry professionals in the field of serial media production Seriality in the Streaming Era is an essential resource for scholars students and industry professionals as well as anyone curious about the evolving role of serialized narratives in shaping modern media culture

**Making Sense of Popular Culture** Eduardo de Gregorio-Godeo, Ángel Mateos-Aparicio Martin-Albo, 2017-05-11 The study of popular culture has come of age and is now an area of central concern for the well established domain of cultural studies In a context where research in popular culture has become closely intertwined with current debates within cultural studies this volume provides a selection of recent insights into the study of the popular from cultural studies perspectives Dealing with issues concerning representation cultural production and consumption or identity construction this anthology includes chapters analysing a range of genres from film television fiction drama and print media to painting in various contexts through a number of cultural studies oriented theoretical and methodological orientations The contributions here specifically focus on a wide variety of issues ranging from the ideological construction of identities in print media to the narratives of the postmodern condition in film and fiction through investigations into youth the dialogue between the canon and the popular in Shakespeare and the so called topographies of the popular in spatial and visual representation In exploring the interface between cultural studies and popular culture through a number of significant case studies this volume will be of interest not only within the fields of cultural studies but also within media and communication studies film studies and gender studies among others

Climate Mobility Justice Elena Giacomelli, Pierluigi Musarò, 2025-11-08 This book explores how the intertwined challenges of climate change and human im mobilities are being narrated governed and resisted From media and policies to art and activism the book investigates the stories we tell and the ones we silence about who moves who stays and who tries to govern human mobilities

What emerges is a powerful critique of crisis narratives that legitimize fear repression and exclusion and a call for new imaginaries grounded in justice care and planetary belonging Engaging with voices from the Global South Indigenous epistemologies and feminist and decolonial thought this book offers a bold rethinking of how to confront one of the defining issues of our time It is essential reading for anyone interested in the future of climate politics migration and global solidarity

Making Sense of Society Alex Khasnabish,2022-05-30T00:00:00Z Grounded in the sister disciplines of sociology and anthropology this textbook is an accessible and critical introduction to contemporary social research Alex Khasnabish eschews the common disciplinary silos in favour of an integrated approach to understanding and practising critical social research Situated in the North American context the text draws on cross cultural examples to give readers a clear sense of the diversity in human social relations It is organized thematically in a way that introduces readers to the core areas of social research and social organization and takes an unapologetically radical approach in identifying the relations of oppression and exploitation that give rise to what most corporate textbooks euphemistically identify as social problems Focusing on key dynamics and processes at the heart of so many contemporary issues and public conversations this text highlights the ways in which critical social research can contribute to exploring understanding and forging alternatives to an increasingly bankrupt violent unstable and unjust status quo *The Hollywood Reporter* ,2008 **The Boom** Russell Gold,2014-04-08

The best all around book yet on fracking San Francisco Chronicle from a Pulitzer Prize finalist Gold s work is a tour de force of contemporary journalism Booklist First invented in 1947 hydraulic fracturing or fracking has not only become a major source of energy it is changing the way we use energy and the energy we use It is both a threat and a godsend for the environment and it is leading the revival of manufacturing in the United States A definitive narrative history The Boom follows the twists and turns in the development and adoption of this radical technology It is a thrilling journey filled with colorful characters the green minded Texas oilman who created the first modern frack a bare knuckled Oklahoman natural gas empire builder who gave the world an enormous new supply of energy and was brought down by his own success and excesses an environmental leader whose embrace of fracking brought an end to his public career and an aging fracking pioneer who is now trying to save the industry from itself A fascinating and exciting exploration of one of the most controversial and promising sources of energy The Boom brings new clarity to a subject awash in hype from all sides a thoughtful well written and carefully researched book that provides the best overview yet of the pros and cons of fracking Gold quietly leads both supporters and critics of drilling to consider other views Associated Press **Alienation,**

**Apocalypse and the Postmodern Condition in "I am Legend" by Richard Matheson** Maximilian Rütters,2021-09-07 Seminar paper from the year 2015 in the subject American Studies Literature grade 2 3 University of Bonn language English abstract The work that will be focused on the novel I Am Legend by Richard Matheson brings together the idea of the last living human on earth and the myth of vampires The author shows the theories of the novel that are hidden between the lines

These theories are on the one hand easy to find and very obvious but on the other hand they have to be decoded word by word To be more specific I will try to show that the condition of alienation is one of the main topics in Matheson's writing Moreover I will show some postmodern aspect of the novel and why it is so fascinating to read apocalyptic writings The novel may be written in 1954 and set in the late 1970s but it can be a model for current interpretations of the apocalypse since apocalyptic writings make sense of bad things and are coping with situations in which people feel helpless
