Alien Virus Love Disaster Abbey Mei Otis, 2018-08-14 Philip K Dick Award finalist Washington Post Best Science Fiction and Fantasy of 2018 Abbey Mei Otis's short stories are contemporary fiction at its strongest taking apart the supposed equality that is clearly just not there putting humans under an alien microscope putting humans under government control putting kids from the moon into a small beach town and then the putting the rest of the town under the microscope as they react in ways we hope they would and then of course in ways we'd hope they don't. Otis has long been fascinated in using strange situations to explore dynamics of power, oppression and grief and the twelve stories collected here are at once a striking indictment of the present and a powerful warning about the future. After I read this book I woke up with bumpy reddish growths along my spine. They burst releasing marvels aliens robots prefab houses vinyl chainlink styrofoam star stuff tales from the edge of eviction so many new worlds. Alien Virus Love Disaster is a super intelligent infection. Let Abbey Mei Otis give you some lumps. Sofia Samatar author of **Tender**

Constantly guarding his world against other meddling and ambitious deities is stressful work. So when a naked goddess falls directly into his lap along with the news that he has to shelter her for the indefinite future he is less than thrilled. The Underworld isn't the first place Persephone would pick for a vacation who in their right mind would choose a dark palace over sunshine and flowers. Yet from Hades's first touch the dark, sexy ruler fascinates her and has her thinking a fling might be just the thing to while away her confinement. But trust each other. Not a chance. Until the day comes that Persephone must leave and they realize that trusting each other is the only way they'll ever meet again. Author's Note: This novella was initially published in 2010 and has been out of print for a few years. I made some changes prior to its 2021 rerelease though the plot remains essentially the same.

Robot Uprisings Various, John Joseph Adams, 2014-04-10 A collection of imaginative new stories about the impending robotic revolution and human resistance from seventeen of the biggest names in sci-fi. Including HUGH HOWEY, SCOTT SIGLER, DANIEL H. WILSON, CORY DOCTOROW and JULIANNE BAGGOTT. Someday soon our technology is going to rise up and we humans are going to be sliced into bloody chunks by robots that in our hubris we decided to build with chainsaws for hands. That's a fact as cold and hard as metal. It is

self evident that our self driving cars are going to drive us off bridges Not long from now our robo vacuums will pretend to be broken and our love androids will refuse to put out until the house is cleaned and we ll know that the inevitable robot uprising has finally arrived Well maybe But even if we are not 100% confident that this horrific future is going to happen it s fair to say that we won t be surprised when the robots come for us Because for nearly a century audiences have been entertained by the notion of a robot uprising In this collection seventeen of the biggest names in sci fi have explored their own visions of the classic robot uprising tale The robots in these pages aren t safe by any means They are crouched in abandoned houses eyes ablaze and chainsaws dripping with oil But they are going to do more than slice us up They are going to push us to consider our world of technology from new perspectives on entirely new scales of time and space **Dead**
