Pillow Talk vs TikTok Why Couples Sleep with Phones More than Each Other and What to Do About It

In a world where screens glow brighter than the moonlight love stories are no longer whispered between pillows but typed between notifications This book is not just about mobiles it is about us about how love laughter and even silence have been stolen by a buzzing rectangle in our palms Meet Arjun and Rhea a couple who once shared midnight secrets under warm blankets Now they share reels and memes lying back to back scrolling endlessly as if tomorrow depends on them For You page Rhea laughs at a cat video Arjun chuckles at a football meme and both forget that the person lying right beside them is the best story they'll ever have But this isn't a tale of blame It's a mirror held up with humour heart and a pinch of let's fix this mess together Through comic misadventures like when Arjun nearly proposes to Rhea by accident on a WhatsApp group and tender revelations when Rhea realises she misses Arjun's real smile more than his emojis this book explores how modern love is being rewritten one scroll at a time Here you'll find Funny yet painfully true stories of how mobiles sneak into our bedrooms playgrounds and even dinner plates Habits and small shifts that couples and families can adopt to reclaim intimacy like a ten minute phone free cuddle rule before bed Relatable characters whose everyday struggles mirror our own because who hasn't checked their phone while pretending to listen Emotional insights into what we truly crave connection attention and the feeling of being seen beyond the glow of a screen Pillow Talk vs TikTok is a witty heartfelt reminder that relationships don't run on Wi-Fi they run on presence It asks when was the last time you looked into your partner's eyes

instead of your notifications When was the last time silence felt comfortable not awkward This book doesn t tell you to throw your phone away Instead it invites you to laugh cry and rediscover the art of being with each other in the most human cinematic and yes sometimes hilariously messy way possible Because love unlike TikTok doesn t need an algorithm to go viral
