broke mentally financially and spiritually It destroys friendships and relationships The very things you once placed so much value on no longer matter After years of studying trauma and PTSD I began to coach other trauma survivors and I discovered that we all seem to have a common theme in the way our brains and bodies react when they try to process the trauma and damage that has taken place I made a promise to myself that when I had healed from trauma that I would help others heal from their traumas so I created a simple step by step guide in the pages of this short book called The Trauma Survivor's Guide To Healing
