Think Better: An Innovator's Guide to Productive Thinking Tim Hurson,2010-03-03 There are thousands of books about thinking But there are very few books that provide clear how to information that can actually help you think better Think Better is about Productive Thinking why it's important how it works and how to use it at work at home and at play Productive Thinking is a game changer a practical easy to learn repeatable process that helps people understand more

clearly think more creatively and plan more effectively. It's based on the thinking strategies that people we celebrate for their creativity have been using for centuries. Tim Hurson brings Productive Thinking out of the closet and presents it in a way that makes it easy for anyone to grasp and use so you can think better, work better and do better in every aspect of your life. *Think Better* demonstrates how you can start with an intractable technical problem, an unmet consumer need or a gaping chasm in your business strategy and by following a clearly defined practical thinking process arrive at a robust innovative solution. Many companies use the Productive Thinking model to generate fresh solutions for tough business problems and many individuals rely on it to solve pressing personal problems. The principles you'll find in *Think Better* are straight forward: separate your thinking into creative thinking and critical thinking, stay with the question, strive for the third third by generating lots and lots of ideas and look for unexpected connections. The model consists of six interlocking steps: Step 1: What's Going On? Explore and truly understand the challenge; Step 2: What's Success? Envision the ideal outcome and establish success criteria; Step 3: What's the Question? Pinpoint the real problem or opportunity; Step 4: Generate Answers. List many possible solutions; Step 5: Forge the Solution. Decide which solution is best. Then make it better; Step 6: Align Resources. Create an action plan. Tim Hurson starts by explaining how we all build inner barriers to effective thinking. He identifies our habits of thinking that severely limit our behavior from monkey mind to gator brain. Then he demonstrates how to overcome these barriers. More than anything, productive thinking is an attitude that will let you look at problems and convert them into opportunities. At the end of this disciplined brainstorming process you'll have a concrete action plan complete with timelines and deadlines. The book is filled with many of Hurson's original brainstorming tools that will empower you to generate, organize and process ideas. For example, you can identify your best ideas using the five C's: Cull, Cluster, Combine, Clarify and Choose. And you can transform an embryonic idea into a robust solution with POWER, which stands for Positives, Objections, What else, Enhancements and Remedies. To create the future you first must be able to imagine it. Productive thinking is a way to help you do that.

PLR Empire: How to Run a Profitable Business Selling Resellable Ebooks Sam Choo, Tired of writing ebooks no one buys. Start selling them instead. *PLR Empire* is the bold, no-fluff guide for writers and creators who want to stop chasing followers and start running a profitable PLR ebook business. You'll learn how to package, position and sell resellable digital products without being famous, tech savvy or glued to social media. Created for people who already know how to write or use AI to do it, this book shows you how to flip that content into a repeatable income stream using platforms like Payhip, Gumroad and Etsy. You'll learn Why most PLR sellers fail and how to avoid their mistakes. How to build a real storefront, not a messy digital dump. How to write sales pages that convert without begging. What to price, where to list and how to bundle like a pro. How to license your PLR to other sellers for scalable profit. And how to turn your store into a system, not a side hustle. This is not another ebook about writing ebooks. It's about selling them over and over again. Whether you're just starting or ready to level up, *PLR Empire* gives you the strategy, templates and confidence to build a digital

business that actually pays You're not a content creator anymore You're a content capitalist Start building your empire today

How to Think More Effectively The School of Life, 2020-01-23 A guide to identifying, nurturing and growing our insight and creativity for more effective thinking We know that our minds are capable of great things because every now and then they come out with a very brilliant idea or two However our minds are also tantalisingly unpredictable spending worryingly large stretches of time idling or distracting themselves This is a book about how to optimise these beautiful yet fitful instruments so that they can more regularly and generously produce the sort of insights and ideas we need to fulfil our potential and achieve the contentment we deserve We learn among other things how to grasp fragile and flighty thoughts before they disappear through anxiety and fear at what times of day to try to work and for how long how to make use of our boredom and instincts and how to overcome timid and predictable approaches to the largest problems
