Micro-Electronics and Telecommunication Engineering Devendra Kumar Sharma, Sheng-Lung Peng, Rohit Sharma, Gwanggil Jeon, 2023-06-01 The book presents high quality papers from the Sixth International Conference on Microelectronics and Telecommunication Engineering ICMETE 2022. It discusses the latest technological trends and advances in major research areas such as microelectronics, wireless communications, optical communication, signal processing, image processing, big data, cloud computing, artificial intelligence, and sensor network applications. This book includes the contributions of national and international scientists, researchers, and engineers from both academia and the industry. The contents of this book are useful to researchers, professionals, and students alike.

Dissertation Research Methods Philip Adu, D. Anthony Miles, 2023-09-11 Dissertation Research Methods: A Step by Step Guide to Writing Up Your Research in the Social Sciences focuses specifically on the methodology for planning, writing, and submitting your dissertation thesis. Written by two methodology experts in the social sciences, the book provides a step by step guide through each stage of the dissertation process. It covers all aspects of the methodological considerations needed from choosing a topic or research question, developing a literature review, identifying research gaps, accessing potential study participants, utilizing the right sampling strategies, analyzing data, and writing up findings. Readers are introduced to the main research methods normally used in dissertations and their characteristics, and they are guided to choose an appropriate research method for their study. The book provides a substantial description of the selected method and articulates strong arguments in support of it. The book is filled with templates, exemplars, and tools to help students write about methodology in their thesis and to equip readers to successfully troubleshoot any methodology challenges they may face. This compact book will be of use to all graduate students and their supervisors in the Social Sciences and Education and Behavioural Sciences who are looking for a guide to working with robust and defensible methodological principles in their dissertation research and theses.

The 12-Week MBA Bjorn Billhardt, Nathan Kracklauer, 2024-02-06 Based on a business leadership program taught to professionals at global Fortune 500 companies, this indispensable guide offers practical tips for managers and aspiring business leaders. Getting an MBA takes time and money, making it inaccessible to many people who want to take charge in the business world. The 12-Week MBA offers an alternative way to learn business essentials with a unique premise: business leaders in any industry, any function, and at any level, need the same core knowledge, skills, and attitudes to effectively manage and lead. That core consists of working through and with other people to create value while using financial concepts and metrics to maximize the value created for all company stakeholders. The timeless essence of managing numbers and leading people can be learned in less time and at a lower cost than in a traditional two year MBA, where much of the curriculum may become obsolete by the time students graduate. Authors Bjorn Billhardt and Nathan Kracklauer are senior executives at Abilitie, a global leadership development company that has served over 100 000 learners in fifty countries. Now the key lessons from Abilitie's 12 Week

MBA curriculum are available in this accessible and engaging guide **Health Informatics - E-Book** Lynda R. Hardy, 2022-12-02 American Journal of Nursing AJN Book of the Year Awards 1st Place in Informatics 2023 Selected for Doody's Core Titles 2024 in Informatics Learn how information technology intersects with today's health care. **Health Informatics An Interprofessional Approach** 3rd Edition follows the tradition of expert informatics educators Ramona Nelson and Nancy Staggers with new lead author Lynda R. Hardy to prepare you for success in today's technology-filled healthcare practice. Concise coverage includes information systems and applications such as electronic health records, clinical decision support, telehealth, mHealth, ePatients, and social media tools, as well as system implementation. New to this edition are topics that include analytical approaches to health informatics, increased information on FHIR and SMART on FHIR, and the use of health informatics in pandemics. Chapters written by experts in the field provide the most current and accurate information on continually evolving subjects like evidence-based practice, EHRs, PHRs, mobile health, disaster recovery, and simulation. Objectives, key terms, and an abstract at the beginning of each chapter provide an overview of what each chapter will cover. Case studies and discussion questions at the end of each chapter encourage higher-level thinking that can be applied to real-world experiences. Conclusion and Future Directions discussion at the end of each chapter reinforces topics and expands on how the topic will continue to evolve. Open-ended discussion questions at the end of each chapter enhance students' understanding of the subject covered. The mHealth chapter discusses all relevant aspects of mobile health, including global growth, new opportunities in underserved areas, governmental regulations on issues such as data leaking and mining, implications of patient-generated data, legal aspects of provider monitoring of patient-generated data, and increased responsibility by patients. Important content including FDA and state-based regulations, project management, big data, and governance models prepares students for one of nursing's key specialty areas. Updated Chapters reflect the current and evolving practice of health informatics using real-life healthcare examples to show how informatics applies to a wide range of topics and issues. NEW Strategies to promote healthcare equality by freeing algorithms and decision making from implicit and explicit bias are integrated where applicable. NEW The latest AACN domains are incorporated throughout to support BSN, Master's, and DNP programs. NEW Greater emphasis on the digital patient and the partnerships involved including decision making. **The Children's Folklore Review**, 2012 **Michigan Law Review**, 2013 **HC Paper 353-II** **House of Commons Culture, Media and Sport Committee: Harmful Content on the Internet and in Video Games, Volume II** Great Britain.
