[Catalaunian Fields AD 451](#) Simon MacDowall,2015-09-20 The battle of the Catalaunian Fields saw two massive powerful empires square up in a conflict that was to shape the course of Eurasian history forever For despite the Roman victory the Roman Empire would not survive for more than 15 years following the battle whilst the Huns shattered and demoralized would meet their downfall against a coalition of German tribes soon after This book using revealing bird s eye views of the plains of Champagne and detailed illustrations of the opposing warriors in the midst of desperate combat describes the fighting at the Catalaunian Fields and reveals the broader campaign of Hunnic incursion that led up to it Drawing on the latest research Simon MacDowall reveals the shocking intensity and appalling casualties of the battle whilst assessing the wider significance and consequences of the campaign

[Dux Bellorum](#) Daniel Mersey,2012-08-20 The Dark Age of Britain from the middle of the 4th century to the end of the 8th was a time of violence and warfare when charismatic warlords such as the fabled King Arthur could gather together armies and carve out their own kingdoms With this new set of wargames rules players can take on the role of these warlords and command their own armies on the tabletop Written by the author of the popular Glitter of Ravens rules set Dux Bellorum is an element based system where each base of figures represents 50 fighting men Each player has a specific number of points with which to construct his force and can choose a Late Roman Romano British Welsh Saxon Pictish Irish or Sea Raider army amongst others The game is then played out following a set of simple fast paced rules A completely self contained gaming system Dux Bellorum is perfect for gamers who are looking for a way into fighting Dark Age battles without investing a lot of time or money in larger rulesets

[Armies of Dark Ages Europe, 613-987](#) Gabriele Esposito,2024-11-30 The centuries that followed the fall of the Western Roman Empire in AD 476 saw the formation of numerous Romano Germanic kingdoms from the fusion between different Germanic communities and the Roman population In time the Frankish Kingdom came to dominate over all the others and conquered most of continental Europe under the guidance of the famous Carolingian royal family In the book we will follow the military ascendancy of the warlike Franks from 613 to 987 The greatest protagonist of this bloody period was Charlemagne probably the greatest military commander of the Early Middle Ages He transformed the Frankish kingdom into a large state the Holy Roman Empire that dominated most of

continental Western Europe for almost a century Charlemagne spent his long reign 768-814 fighting against a multitude of warlike enemies who lived on the frontiers of his dominions Arabs Basques Bretons Frisians Vikings Saxons Thuringians Slavs Avars Bavarians and Lombards He obtained some spectacular victories over the latter but also suffered some humiliating defeats like the famous one of Roncevaux Pass Gabriele Esposito follows the evolution of the Frankish Army from the rise of the Franks under the Merovingian monarchs to the dissolution of the Carolingian royal family reconstructing the most important military campaigns in detail All the major troop types are covered providing information on the organization and equipment of each contingent The enemies of the Franks are also considered The clear text is illustrated with dozens of stunning color photographs depicting replica weapons and equipment of the period in use **A Companion to Beowulf** Ruth A.
