Get Back Donovan Day,2015-10-01 Imagine going back in time and befriending The Beatles at the height of their fame Imagine seeing the boys interact onstage and off hanging out with them in the dance clubs of London visiting John Paul at Paul s house across from Abbey Road Studios Imagine all the questions when they learn you re from the future How are records made Will their music last Will anyone remember The Beatles And then John Lennon asks the biggest question of them all What will become of me That last question sets 17 year old Lenny Funk off on the adventure of his life with a goal that seems impossible to stop John Lennon s assassin Mark David Chapman Lenny Funk is able to time travel thanks in part to his baby boomer grandfather s old iPod Nano which is loaded with the classic rock and roll and pop and folk tunes of the 1960s 70s Together with his new friend Yoko yes she s named after that Yoko Lenny time slips backwards where he meets some of his musical heroes not only The Beatles but also Jim Morrison James Taylor among others Lenny must make some difficult and heartbreaking decisions should he change the course of history or not And what are the consequences if he does The year 2015 marks what would have been John Lennon s 75th birthday and sadly the 35th year since he was murdered

Earnest Compelling successfully captures the anger, frustration, and freedom of kids on the brink of adulthood. Kirkus Reviews Recommended Review. A group of troubled but charismatic boys in a tough Buffalo, NY neighborhood play basketball at a local park and dream of winning a state high school championship. Driven by raw talent and killer instinct, they dominate the court but everywhere else they feel like losers. Hammond is told through the eyes of James Lombardi, a precocious but mentally ill boy who believes winning a championship will ease his Evil Thoughts and save his family long haunted by generations of substance abuse, uncontrollable rage, and suicide. A dark but humorous coming-of-age novel, Hammond offers a poetic and disturbing look inside the complex mind of an adolescent boy as he slowly learns that having the heart of a champion can sometimes be more burden than blessing. Hammond is the first novel in a loosely linked series with *The Summer of Crud*, *Understanding the Alacrion*, *Developing Minds*, *An American Ghost Story*, and *The Soul City Salvation* as books two through five. Each novel can be read independently of the others. **The Lost**

**The Willpower Instinct** Kelly McGonigal, 2011-12-29. Based on Stanford University psychologist Kelly McGonigal's wildly popular course *The Science of Willpower*, *The Willpower Instinct* is the first book to explain the science of self-control and how it can be harnessed to improve our health, happiness, and productivity. Informed by the latest research and combining cutting-edge insights from psychology, economics, neuroscience, and medicine, *The Willpower Instinct* explains exactly what willpower is, how it works, and why it matters. For example, readers will learn that willpower is a mind-body response, not a virtue. It is a biological function that can be improved through mindfulness, exercise, nutrition, and sleep. Willpower is not an unlimited resource. Too much self-control can actually be bad for your health. Temptation and stress hijack the brain's systems of self-control, but the brain can be trained for greater willpower. Guilt and shame over your setbacks lead to giving in again, but self-forgiveness and self-compassion boost self-control. Giving up control is sometimes the only way to gain self-control. Willpower failures are contagious; you can catch the desire to overspend or overeat from your friends, but you can also catch self-control from the right role models. In the groundbreaking tradition of *Getting Things Done*, *The Willpower Instinct* combines life-changing prescriptive advice and complementary exercises to help readers with goals ranging from losing weight to more patient parenting, less procrastination, better health, and greater productivity at work. **The John Lennon**
