## **Geschiedenis Van Den Wereldoorlog 1914-1918:**

**Geschiedenis van den Wereldoorlog 1914-1918** Hajo Brugmans, 1936 *Geschiedenis van den wereldoorlog 1914-1918. Geïllustreerd*, 1936 **Geschiedenis van den Wereldoorlog 1914-1918 ; Brugmans, H[a]o**. Hajo Brugmans, 1936 *The Art of Staying Neutral* Maartje Abbenhuis, 2025-10-01 *The Art of Staying Neutral* offers a fascinating insight into the problems and challenges associated with neutrality in an age of total war. It explains how the Netherlands upheld and protected its non-belligerency during the First World War despite constant interference from its warring neighbours. Staying neutral was an artform that the Dutch managed to master through clever diplomacy, conscientious adherence to international laws, comprehensive mobilisation of its armed forces, regular patrols of its territorial boundaries, careful policing of its citizens and a decisive measure of good fortune. *The Art of Staying Neutral* makes important contributions to the study of neutrality and the domestic history of the Netherlands in this seminal world event. **The Netherlands Indies and the Great War, 1914-1918** Kees van Dijk, 2007-01-01 Kees van Dijk examines how in 1917 the atmosphere of optimism in the Netherlands Indies changed to one of unrest and dissatisfaction and how after World War I the situation stabilized to resemble pre-war political and economic circumstances. *Subject Index of the Books Relating to the European War, 1914-1918* British Museum. Dept. of Printed Books, 1922 **Britain's War At Sea, 1914-1918** Greg Kennedy, 2016-04-20 In Britain memory of the First World War remains dominated by the trench warfare of the Western Front. Yet in 1914 when the country declared war the overwhelming expectation was that Britain's efforts would be primarily focussed on the sea. As such this volume is a welcome corrective to what is arguably an historical neglect of the naval aspect of the Great War. As well as reassessing Britain's war at sea between 1914 and 1918, underlining the oft-neglected contribution of the blockade of the Central Powers to the ending of the war, the book also offers a case study in ideas about military planning for the next war. Questions about how next wars are thought about, planned for and conceptualised and then how reality actually influences that thinking have long been and remain key concerns for governments and military strategists. The essays in this volume show what realities there are to think about and how significant or not the change from pre-war to war was. This is important not only for historians trying to understand events in the past but also has lessons for contemporary strategic thinkers who are responsible for planning and preparing for possible future conflict. Britain's pre-war naval planning provides a perfect example of just how complex and uncertain that process is. Building upon and advancing recent scholarship concerning the role of the navy in the First World War, this collection brings to full light the dominance of the maritime environment for Britain in that war and the lessons that has for historians and military planners. *Bijdragen voor vaderlandsche geschiedenis en oudheidkunde*, 1929 **Bijdragen tot de geschiedenis**, 1924 **De Nederlandsche koopvaardij in den oorlogstijd (1914-1918)** Johannes Hendrikus Hoogendijk, Jan François Leopold de Balbian Verster, 1930 **A History of the Netherlands** Friso Wielenga, 2024-01-25 Friso Wielenga's detailed history of the

Netherlands traces its political development from independence to today incorporating significant explorations of culture economics international relations colonisation and decolonisation in the process It provides a thorough and well balanced overview of the key moments in and vital aspects of Dutch history since 1500 Challenging incorrect assumptions concerning political consensus and religious toleration in the country A History of the Netherlands offers a masterful analysis of domestic politics and the nation s international involvements This new edition includes Enhanced and expanded examinations of 21st century developments to the present Greater coverage of the Dutch role in the slave trade the Atlantic trade and the Glorious Revolution More material on multiculturalism and integration politics and the World War Two deportation and extermination of the Dutch Jewry Historiographical updates throughout The book is vital reading for anyone looking for a rich understanding of the Netherlands and its past Tijdschrift voor geschiedenis ,1924 **Guarded Neutrality** Susanne

Wolf,2013-06-20 Traditionally isolated from mainstream European affairs in 1914 the Dutch had no major allegiances that bound them to any one side of the conflict Geographically and economically caught between two of the major belligerents Great Britain and Germany the Netherlands was constantly vulnerable to attack from either side In adopting a position of neutrality at the beginning of the war the Dutch took a huge gamble The internment of approximately 50 000 foreign troops in the Netherlands some for almost the entire four years of the war provided an important showcase for the Dutch Government to demonstrate its adherence to international law and its impartiality towards the all of the belligerents

*Historisch tijdschrift* ,1930 *At the Eleventh Hour* Hugh Cecil,Peter H. Liddle,1998-08-12 Following on from the highly acclaimed *Facing Armageddon and Passchendaele in Perspective* *At the Eleventh Hour* recognises that a world was ending in November 1918 and by international collaboration on the 80th Anniversary we learn through this book what it was like to experience the transition from war to peace Distinguished historians brilliantly convey a sense of immediacy as the Armistice is recreated and analysed The reader will not just acquire new areas of information he will have some of the existing knowledge which he thought was soundly held strikingly challenged in the pages of this superbly illustrated book

Verslagen omtrent 's rijks verzamelingen van geschiedenis en kunst ,1919 **Het nederlandse boek** Koninklijke Nederlandse Uitgeversbond,1930 **Repertorium op Brinkman's Catalogus** ,1936 **Writing the Great War** Christoph Cornelissen,Arndt Weinrich,2020-11-01 From the Treaty of Versailles to the 2018 centenary and beyond the history of the First World War has been continually written and rewritten studied and contested producing a rich historiography shaped by the social and cultural circumstances of its creation *Writing the Great War* provides a groundbreaking survey of this vast body of work assembling contributions on a variety of national and regional historiographies from some of the most prominent scholars in the field By analyzing perceptions of the war in contexts ranging from Nazi Germany to India s struggle for independence this is an illuminating collective study of the complex interplay of memory and history Small Countries in a Big Power World: The Belgian-Dutch Conflict at Versailles, 1919

H.P. van Tuyl, 2016-11-21 When a devastated Belgium emerged from World War I some of its leaders had high hopes that the upcoming negotiations would enable achievement of a long cherished goal annexing parts of the Netherlands lost in the final 1839 settlement which had established the country Belgium's strong historical and military arguments were bolstered by its courageous Great War image Yet the Dutch proved ready and able to launch an energetic counterattack which ultimately stymied the Belgian campaign This book explains why and how this happened and demonstrates that small states are active participants in their own destinies not just spectators or victims
