A wonderful evening has taken possession of my whole soul; the first sweet feelings of spring which I enjoy with my whole heart. I am alone, and feel the charm of existence in this spot, which was created for the bliss of souls like mine, and so happy, my dear friends, as absorbed in the exquisite sense of never-ending existence, that I repeat my words. I should be incapable of drawing a single stroke at the present moment, and yet I feel that I never was a greater artist than now when the dusky ruddy beams with vapour surround me, and the twilight sun strikes the upper surface of the impenetrable foliage of my trees, and that a few stars gleam down into the inner sanctuaries. I throw myself down among the tall grass by the running stream; and, as I lie down in the grass, a thousand uncertain points are reflected by me, when I look the face of the blue world among the stalks, and grow familiar with the countless innumerable forms of the insects and flowers, then I feel the presence of the Almighty, who formed us in his own image, and the beauty of a wonderful evening has taken possession of my whole soul. E-books in Libraries Kate Price, Virginia Havergal, 2011 Despite the fact that e books have been in existence for decades in various guises and added to library collections for several years now there has been a noticeable lack of published manuals on the subject This is doubtless owing to the rapidly evolving nature of the market There is now a plethora of different types of digital object that may be termed e books and a bewildering number of business and access models to match Moreover the pace of change shows no sign of abating but there is an increasing amount of popular interest in e books and what is needed is practical information to assist library and information professionals managing collections of e books and doing their best to inform their users right now The book is divided into five parts The production and distribution of e books Planning and developing an e book collection Delivering e books to library readers Engaging readers with e books The future of e books Virginia Havergal BA Hons MSc MEd FIFL is a Learning Centres and e Resources Manager for Petroc a further education college in Devon Prior to this role she was an e Learning Advisor with JISC with a particular focus on Learning Resources Kate Price BA Hons MA MCLIP is Head of E Strategy and Resources at the University of Surrey
