Quicklet on John Perkins's Confessions of an Economic Hit Man (CliffNotes-like Summary) Abdul Montaqim, 2012-02-24

ABOUT THE BOOK I first came across John Perkins's *Confessions of an Economic Hit Man* a few years ago when I was living and working in Abu Dhabi a tiny city state which serves as the capital of a conglomerate of similar city states including Dubai all collectively known as the United Arab Emirates or the UAE which itself is located on the eastern coast of the Arabian peninsula And although the UAE had been peaceful and prosperous for many decades I couldn't help but think about the fact that I was in the middle of the most dangerously volatile and highly militarised region on Earth The year was 2008 The war in Iraq was still rumbling on and in my more paranoid moments I thought the conflict could escalate in a flash and instantly embroil other countries in the region What I did not spend a single moment worrying about however was the unprecedented terror caused by the global economic crisis Who did I didn't think about it because unlike armies banks and financial institutions are forces of a largely invisible kind of activity And I never knew finance could cause so much devastation MEET THE AUTHOR Abdul Montaqim is a journalist based in London and has been working in the media since 1989 Among the more well known titles he has written for are *The Guardian* newspaper *Time Out* magazine and the *International Business Times* website He has edited a number of local and community newspapers magazines and websites and has over the course of his career worked for some of the largest publishers in Europe including Emap LLP and Mirror Group Newspapers Abdul has also worked outside of the United Kingdom moving to Abu Dhabi for a year to work on the first national daily newspaper in United Arab Emirates *The National* and he has consulted for media companies in Bangladesh where he was born EXCERPT FROM THE BOOK The job of EHMs and their colleagues is to persuade countries to take out loans worth billions of dollars often to pay for infrastructure projects that the EHMs themselves recommend writes John Perkins in his book *Confessions of an Economic Hit Man* If the persuasion tactics of the EHMs fail the CIA jackals as he calls them take over and often

assassinate the leaders of governments who do not co operate such as Jaime Roldos president of Ecuador and Omar Torrijos president of Panama Perkins starts his story by wondering how he had grown up to be involved in such a dirty business He remembers Ann and her uncle Frank who suggests working for the NSA and being a Peace Corps Volunteer Buy a copy to keep reading *Press Summary - Illinois Information Service* Illinois Information Service,2004-08-02 *Confessions of an Economic Hit Man, 3rd Edition* John Perkins,2023-02-28 The riveting third edition of this New York Times bestselling title expands its focus to China exposes corruption on an international scale and offers much needed solutions Extensively updated this edition features twelve new chapters including a new introduction preface and study guide The book brings the story of economic hit men EHMs up to date and focuses on China s EHM strategy EHMs are highly paid professionals who use development loans to cheat countries around the globe out of trillions of dollars and force them to serve US interests Former economic hit man John Perkins gives an insider view into this system With a truly global perspective this book offers powerful revelations on extremely timely elements including the third economic hit man wave that is sweeping the world and the way China optimizes US EHM models to make them a more dominating force China s strategy is even more dangerous since it s successful at enticing lower income nations Perkins also reveals how we can transform what he calls a failing Death Economy into a Life Economy He encourages China s leaders to apply the Confucian ideal of serving the family to the global community to end the EHM strategy The book ultimately provides a source of hope and inspires readers to participate in a new era of global cooperation **Hoodwinked** John Perkins,2011-11-01 John Perkins has seen the signs of today s economic meltdown before The subprime mortgage fiascos the banking industry collapse the rising tide of unemployment the shuttering of small businesses across the landscape are all too familiar symptoms of a far greater disease In his former life as an economic hit man he was on the front lines both as an observer and a perpetrator of events once confined only to the third world that have now sent the United States and in fact the entire planet spiraling toward disaster Here Perkins pulls back the curtain on the real cause of the current global financial meltdown He shows how we ve been hoodwinked by the CEOs who run the corporatocracy those few corporations that control the vast amounts of capital land and resources around the globe and the politicians they manipulate These corporate fat cats Perkins explains have sold us all on what he calls predatory capitalism a misguided form of geopolitics and capitalism that encourages a widespread exploitation of the many to benefit a small number of the already very wealthy Their arrogance gluttony and mismanagement have brought us to this perilous edge The solution is not a return to normal But there is a way out As Perkins makes clear we can create a healthy economy that will encourage businesses to act responsibly not only in the interests of their shareholders and corporate partners and the lobbyists they have in their pockets but in the interests of their employees their customers the environment and society at large We can create a society that fosters a just sustainable and safe world for us and our children Each one of us makes these choices every day in ways that are clearly spelled out in this book We hold the power he says if only we recognize it

Hoodwinked is a powerful polemic that shows not only how we arrived at this precarious point in our history but also what we must do to stop the global tailspin *Internet Crime Report 2009*, **At the Local Level**, 2004-03 Confessions of an Economic Hit Man John Perkins, 2004 A former consultant to the US government reveals the inner workings of the high stakes economic game that encourages third world economies to borrow money so that major corporations like Halliburton end up getting the lucrative contracts **Pharmaceutical policy, impact and health outcomes** Hye-Young Kwon, Brian Godman, 2023-03-17 *Book Review Digest*, 2008 **Prevention Practice in Primary Care** Sherri Sheinfeld
