Classical Christianity And Rabbinic Judaism Comparing Theologies:

Classical Christianity and Rabbinic Judaism Bruce D. Chilton, Jacob Neusner, 2012-02-01 Among the world's religions Christianity and Judaism are the most symmetrical But in our day of religious tolerance a tendency to overlook the vital differences between the two religions in the name of good will can undermine constructive Jewish Christian dialogue In this book Bruce D Chilton describes early Christian thought and Jacob Neusner describes early Judaic thought on fundamental issues such as creation and human nature Christ and Torah sin and atonement and eschatology At the end of each chapter each assesses the other's perspective and a final chapter explains why the authors believe theological confrontation not just comparison defines the task of interfaith dialogue today

The Documentary History of Judaism and Its Recent Interpreters Jacob Neusner, 2012-07-10 The result for the history of Judaism of a documentary reading of the Rabbinic canonical sources illustrates the working of that hypothesis It is the first major outcome of that hypothesis but there are other implications and a variety of new problems emerge from time to time as the work proceeds In the recent past Neusner has continued to explore special problems of the documentary hypothesis of the Rabbinic canon At the same time Neusner notes others join in the discussion that have produced important and ambitious analyses of the thesis and its implications Here Neuser has collected some of the more ambitious ventures into the hypothesis and its current recapitulations Neusner begins with the article written by Professor William Scott Green for the *Encyclopaedia Judaica* second edition as Green places the documentary hypothesis into the context of Neusner's entire oeuvre Neuser then reproduces what he regards as the single most successful venture of the documentary hypothesis contrasting between the Mishnah's and the Talmuds programs for the social order of Israel the doctrines of economics politics and philosophy set forth in those documents respectively Then come the two foci of discourse Halakhah or normative law and Aggadah or normative theology Professors Bernard Jackson of

the University of Manchester England and Mayer Gruber of Ben Gurion University of the Negev treat the Halakhic program that Neusner has devised and Kevin Edgecomb of the University of California Berkeley has produced a remarkable summary of the theological system Neusner discerns in the Aggadic documents Neusner concludes with a review of a book by a critic of the documentary hypothesis

Issues of New Testament Anti-Judaism Roger Steven Evans, 2008-08-29 Issues of New Testament Anti-Judaism brings a fresh analysis to the emerging conflicts between the earliest followers of Jesus of Nazareth and the leaders of the Jewish communities in Palestine and its environs Roger S Evans reveals that embedded in many of the confrontations between Jesus and Jewish leaders is Jesus self identification as the Son of Man It is this self identification that further ignites the already simmering conflicts and the final charge of blasphemy In the book of Acts and in the canonical

Epistles we hear the early Christians accusing the Jewish leaders and people of deicide but it is also in these documents that the Christian authors continue to hope for and believe that the Jewish people are still part of God's people. Finally Evans reminds readers that according to the authors of the New Testament it was always God's plan to send Jesus to die for the sins of his people and the world. This new analysis is intended to inspire both Christians and Jewish people of the twenty-first century to reevaluate how they respond to each other.
