**Can't Read or Write or Understand Math** Andrew Bernstein, 2022-08-23 Stephen King A piker no horror story is as harrowing as Andrew Bernstein's must read Why Johnny Still Can't Read or Write or Understand Math Bernstein tears the genteel cover off the educational system and reveals the truly shocking extent of the destruction that has been wrought by fashionable Leftist educational theories the con men quacks and psychopaths who have gained control of American public education over the last few decades and the public educational system's addiction to taxpayer funding and the latest societal trends no matter how damaging they are to children But Bernstein doesn't just leave us screaming he also offers a practical readily applicable program for taking back the educational system and saving our children from these lunatics If you have children in school this is essential reading And even if you don't but care about the future of society you must not miss this all important book Robert Spencer bestselling author of The History of Jihad Did Muhammad Exist and The Critical Quran Coming out of the COVID-19 pandemic parents across the nation grapple with a new and horrifying understanding of just how bad our educational system has become It all adds up to a system that seems hopelessly terribly and irrevocably broken But as an educator and author Andrew Bernstein reminds us that American education in the nineteenth through early twentieth century was superb This nation once knew how to turn out the brightest most resourceful and independent thinking people the world had ever seen We can do it again **The Fountainhead Reference Guide: a to Z** Emre

Gurgen, 2020-08-28 This Reference Guide takes the form of a Fountainhead Encyclopedia with several independent sections a complete character dictionary a dictionary of relationships between characters a lexicon of the book's buildings and media outlets a catalogue of the novel's various groups and associations a timeline of the book's events a classification of Ayn Rand's symbols and a directory of the Fountainhead's locations Besides organizing most of the Fountainhead's facts logically this

Reference Guide also provides a table of Ayn Rand's fiction/nonfiction, a spreadsheet of works by Objectivist Intellectuals and a glossary of architectural terms. It also analyzes some of the book's themes with reference to plot specifics. So that Fountainhead scholars can cite neutral book facts to support their intellectual, hopefully objectivist positions.

**Philosophers of Capitalism** Edward W. Younkins, 2005-11-10. *Philosophers of Capitalism* provides an interdisciplinary approach attempting to discover the feasibility of an integration of Austrian Economics and Ayn Rand's philosophy of Objectivism. In the first section of the book, Edward W. Younkins supplies essays presenting the essential ideas of Carl Menger, Ludwig von Mises, and Ayn Rand. Building upon these essential ideas, the second portion of the book brings together scholarly perspectives from top academics analyzing Menger, von Mises, and Rand. The third and final section of the book looks toward the future and the possibility of combining and extending the insights of these champions of a free society, emphasizing how the errors, omissions, and oversights made by one theorist can effectively be negated or compensated for by integrating insights from one or more of the others. Featuring a list of recommended reading for the major ideas and theorists discussed, *Philosophers of Capitalism* is an essential book for both philosophers and economists.
