Common Good Uncommon Questions A Primer In Moral Theology:

Common Good, Uncommon Questions Timothy Backous, William C. Graham, 1997 Common Good Uncommon Questions places the Catholic Church's guidance into contemporary context by considering stories, poems, and articles to challenge preconceptions asking what contribution the Church can make to moral debate **Leader's Guide for Primary Source Readings in Christian Morality** Diana Turney, 2008-02-04 Primary Source Readings in Christian Morality presents the living words of the Catholic Church and the wisdom of everyday people addressing the moral issues that impact our lives. One goal of Primary Source Readings in Christian Morality is to help students realize the connection between behavior and character. Additionally, the hope is that students will uncover that the road to authentic happiness and joy involves working on their relationship with God. Within this book you will find writings from Pope Benedict XVI, The Second Vatican Council, Richard Gula, SS Pope Paul VI, Ronald Rohlheiser, Erich Maria Remarque, Pope John Paul II, The United States Conference of Catholic Bishops, *Cultural Landscapes* Gabriel R. Ricci, 2018-02-06 Dualism between man and nature has been a persistent feature of Western thought and spirituality from ancient times to the present. The opposition of mind and body, consciousness and world has tended to obscure the ways in which humans are ecologically part of interconnected systems, some of which are obvious while others operate in hidden but life-sustaining ways. *Cultural Landscapes* explores the physical ways in which we are intimately linked to the land and the intellectual and aesthetic connections human consciousness has with the landscape. Following the editor's introductory essay, the lead article by Jame Schaeffer, *Quest for the Common Good: A Collaborative Public Theology for a Life-Sustaining Climate* assesses the lightning rod issue of global warming in the context of a public and ecumenical theology and sets the tone for this normative assessment of our relationship with nature. Likewise, David Kenley's essay *Three Gorges be Dammed: The Philosophical Roots of Environmentalism in China* reveals the traditional philosophical and cultural values that can sustain a vital environmentalism in the East. David Brown's historical insights into the use of the American landscape to define historical writing complement Patricia Likos Ricci's historical treatment of nineteenth century landscape painting and the first call to preserve wilderness in the United States. Matt Willen, An Feochszn, and David Martinez's *What Worlds are Made of: The Lakota Sense of Place* both demonstrate how space is transformed into place through song and mythic tales. On a metaphysical note, Andreas Philippopoulos Mihalopoulos' essay *On the Line of the Horizon: Anxiety in de Chirico's Metaphysical Spaces* provides the reader with psychological and existential insights into the disorienting paintings of de Chirico and Gabriel Ricci's concluding essay tours the landscape that underpins Heidegger's ontological speculations. The contributions to this volume are posited on the belief that culture, society, and human history are ultimately rooted in the natural world. This integration may explain why humanity has always looked to nature for moral and ethical guidelines. Gabriel R. Ricci is associate professor of humanities and the chair of the Department of History at Elizabethtown College in Pennsylvania. He is the author of *Time Consciousness: The Philosophical Uses of*

Graham, 2014-03-01 We all have moments of grace in our lives glimpses of God's presence and God's mystery The Word made flesh God with us inspires these moments and sometimes lets us see and feel that transformation in grace In 100 Days Closer to Christ Father William C. Graham invites us to consider these moments and experience the transforming presence of God in our lives These compelling essays invite you to immersion in joyful hope dreams disciplines and promises fond embraces and quiet satisfaction plans and prospects awe and wonder The chapters consider moments of grace through encounters that resemble lectio divina inviting reflections flowing from God's word or the church's life of prayer giving flashes of insight and meaning on a pilgrim's way The essays in 100 Days Closer to Christ are meant to inspire thoughtful prayer Whether they are seasonal or attitudinal each seeks to stand before Mystery in awe wonder praise and thanksgiving **American Book Publishing Record**, 1997 Subject Guide to Books in Print, 1997 **A Catholic Handbook on Sex** William C.

Mullen, 2024-04-16 Today's political and cultural polarization has led to suspicion and animosity in our churches our workplaces and even our families It has also led to a false sense that our options are limited to choosing a side But there is a better way Shirley Mullen invites readers to claim the powerful redemptive potential of the courageous middle Far from being a place of bland averaging moral cowardice wobbling indecisiveness or lazy indifference the courageous middle is a place where thoughtful individuals work with urgency to foster attentive rather than dismissive listening in order to garner what is true and praiseworthy even from those with whom they disagree Their Christian faith which makes it impossible for them to align themselves fully with one side or the other uniquely equips them to call their communities to imagine a more
