The Ransomware Hunting Team Renee Dudley, Daniel Golden, 2022-10-25 A real-life technological thriller about a band of eccentric misfits taking on the biggest cybersecurity threats of our time. What Michael Lewis did for baseball in *Moneyball*, Renee Dudley and Daniel Golden do brilliantly for the world of ransomware and hackers. Cinematic big in scope and meticulously reported, this book is impossible to put down. Doug Stanton, New York Times bestselling author of *In Harm's Way* and *Horse Soldiers*, scattered across the world, an elite team of code crackers is working tirelessly to thwart the defining cyber scourge of our time. You've probably never heard of them. But if you work for a school, a business, a hospital, or a municipal government, or simply cherish your digital data, you may be painfully familiar with the team's sworn enemy, ransomware. Again and again, an unlikely band of misfits, mostly self-taught and often struggling to make ends meet, have outwitted the underworld of hackers who lock computer networks and demand huge payments in return for the keys. *The Ransomware Hunting Team* traces the adventures of these unassuming heroes and how they have used their skills to save millions of ransomware victims from paying billions of dollars to criminals. Working tirelessly from bedrooms and back offices and refusing payment, they've rescued those whom

the often hapless FBI has been unwilling or unable to help. Foremost among them is Michael Gillespie, a cancer survivor and cat lover who got his start cracking ransomware while working at a Nerds on Call store in the town of Normal, Illinois. Other teammates include the brilliant reclusive Fabian Wosar, a high school dropout from Germany who enjoys bantering with the attackers he foils, and his protégé, the British computer science prodigy Sarah White. Together they have established themselves as the most effective force against an escalating global threat. This book follows them as they put their health, personal relationships, and financial security on the line to navigate the technological and moral challenges of combating digital hostage taking.

Urgent – uplifting and entertaining. Renee Dudley and Daniel Golden's *The Ransomware Hunting Team* is a real-life technological thriller that illuminates a dangerous new era of cybercrime.

Gone... – Annemarie Nikolaus, *Deadly Short Stories*. The short story collection *Gone* spins three haunting tales that will plunge you into the darkness beneath even the most respectable veneers. In *The Settlement*, a bank manager's pilfering of a wealthy countess's fortune drags him into nightmarish consequences after her demise. The twisted *The Necklace* follows a deadly love triangle where deft psychological insight reveals how passion and betrayal ultimately converge in tragedy. And in *The Pope's Banker*, speculation on the real-life mysterious death of Roberto Calvi, the Vatican banker found hanging from Blackfriars Bridge in 1982, explores the unholy nexus of faith, finance, and criminal enterprises. With captivating narratives that remind you some mysteries may never be solved but their power to disturb remains, *Gone* is a riveting plunge into the abyss where desire, desperation, and the lust for power reside.

Family Papers Sarah Abrevaya Stein, 2019-11-19. An award-winning historian shares the true story of a frayed and diasporic Sephardic Jewish family preserved in thousands of letters. One of *The Economist's* Best Books of 2019, *A New York Times* Book Review Editors' Choice, a National Jewish Book Award finalist. For centuries, the bustling port city of Salonica was home to the sprawling Levy family. As leading publishers and editors, they helped chronicle modernity as it was experienced by Sephardic Jews across the Ottoman Empire. The wars of the twentieth century, however, redrew the borders around them, in the process transforming the Levys from Ottomans to Greeks. Family members soon moved across boundaries and hemispheres, stretching the familial diaspora from Greece to Western Europe, Israel, Brazil, and India. In time, the Holocaust nearly eviscerated the clan, eradicating whole branches of the family tree. In *Family Papers*, the prizewinning Sephardic historian Sarah Abrevaya Stein uses the family's correspondence to tell the story

of their journey across the arc of a century and the breadth of the globe They wrote to share grief and to reveal secrets to propose marriage and to plan for divorce to maintain connection They wrote because they were family And years after they frayed Stein discovers what remains solid is the fragile tissue that once held them together neither blood nor belief but papers With meticulous research and care Stein uses the Levys letters to tell not only their history but the history of Sephardic Jews in the twentieth century A superb and touching book about the frailty of ties that hold together places and people The New York Times Book Review Remarkable rigorously researched Readers will rejoice at every miraculous story of survival of which there are a few and will mourn every death of which there are many Elaine Margolin Los Angeles Review of Books *Pickard County Atlas* Chris Harding Thornton,2021-01-05 An atmospheric slow burning beauty of a book rich with raw edged lyricism and achingly real characters Tana French author of *The Searcher* Small town secrets loom large in this spellbinding debut about the aftershocks of crime and trauma that shake a Nebraskan town In a dusty town in Nebraska s rugged sandhills weary sheriff s deputy Harley Jensen patrols the streets at night on the lookout for something anything out of the ordinary It s July 1978 and the heat is making people ornery restless That and the Reddick family patriarch has decided decades after authorities ended the search for his murdered boy s body to lay a headstone Instead of bringing closure this decision is the spark that threatens to set Pickard County ablaze On a fateful night after the memorial service Harley tails the youngest Reddick and town miscreant Paul through the abandoned farms and homes outside their run down town The pursuit puts Harley in the path of Pam Reddick a restless young woman looking for escape bent on cutting the ties of motherhood and marriage Filled with desperate frustration Pam is drawn to Harley s dark history not unlike that of her husband Rick a man raised in the wreckage of a brother s violent death and a mother s hardened fury Unfolding over six tense days *Pickard County Atlas* sets Harley and the Reddicks on a collision course propelling them toward an incendiary moment that will either redeem or end them Engrossing darkly funny and real Chris Harding Thornton s debut rings with authenticity and a nuanced sense of place even as it hums with menace introducing an astonishing new voice in suspense
