Polyvagal Theory in Group Practice Antonella Montano,Valentina Iadeluca,2025-10-13 This book

describes Wired to Connect a 10 week program for groups based on Polyvagal Theory that is structured easy to teach and

suitable for everyone The course is designed to help people develop an awareness of how their autonomic nervous system

affects them as they navigate the joys and challenges of life and how to embrace and modulate its reactions to lead a more

serene and fulfilling existence It begins with an introduction to the theory and functioning of the autonomic nervous system

whose biological response to threats real or perceived can determine whether a person lives in a state of open connectedness

or mobilized immobilized protectiveness It continues by reviewing the knowledge and skills required to lead the program

along with an overview of its structure and the various teaching modules that like building blocks form each class The second

part of the book serves as a manual for leading the course Going session by session activity by activity it offers specific hands

on scripts to help convey the theory to course participants in a simple and engaging way along with experiential exercises on

breath movement and sounds as well as homework assignments and guided immersions into mindfulness Valuable teaching

aids such as color plates audio tracks and slides are available for download to assist the instructor in guiding their students

through the Wired to Connect journey Not only can psychologists and psychotherapists lead the program but also other compassionate professionals such as teachers doctors nurses and community workers Polyvagal Theory in Group Practice is a clear concise and comprehensive handbook for anyone interested in learning how to benefit from a polyvagal lifestyle and to share this knowledge with others *White and Pharoah's Oral Radiology - E-BOOK* Ernest Lam, Sanjay Mallya, 2024-11-20
