A Companion to Children's Literature offers students and scholars studying children's literature, education, and youth librarianship an incisive and expansive collection of essays that discuss key debates within children's literature criticism. The essays selected by the editors present a view of children's literature that encompasses poetry, fiction, folklore, nonfiction, dramatic stage, and screen performances, picturebooks, and interactive and digital media. They range from historical overviews to of-the-moment critical theory about children's books from across the globe. A Companion to Children's Literature explores some of the earliest works in children's literature, key developments in the genre from the 20th century and the latest trends and texts in children's information books, postmodern fairytales, theatre plays, and more. This collection also discusses methods for reading children's literature from social justice critiques of popular stories to Black critical theory in the context of children's literary analysis. **The Moscow Times**, 1995
