**Report** United States. Foreign Broadcast Information Service,1983      **A Frozen Woman** Annie Ernaux,2020-05-19  
 WINNER OF THE 2022 NOBEL PRIZE IN LITERATURE A Frozen Woman charts Ernaux s teenage awakening and then the parallel progression of her desire to be desirable and her ambition to fulfill herself in her chosen profession with the inevitable conflict between the two And then she is 30 years old a teacher married to an executive mother of two infant sons She looks after their nice apartment raises her children And yet like millions of other women she has felt her enthusiasm and curiosity her strength and her happiness slowly ebb under the weight of her daily routine The very condition that everyone around her seems to consider normal and admirable for a woman is killing her While each of Ernaux s books contain an autobiographical element A Frozen Woman one of Ernaux s early works concentrates the spotlight piercingly on Annie herself Mixing affection rage and bitterness A Frozen Woman shows us Ernaux s developing art when she still relied on traditional narrative before the shortened form emerged that has since become her trademark      *The Connections Paradigm* David H. Rosmarin,2021-01-20 This book introduces an approach to mental health that dates back 3 000 years to an ancient body of Jewish spiritual wisdom Known as the Connections Paradigm the millennia old method has been empirically shown to alleviate symptoms of stress anxiety and depression After being passed down from generation to generation and tested in clinical settings with private clients it is presented to a broad audience for the first time The idea behind the paradigm is that at any given moment human beings are either connected or disconnected across three key relationships To be connected means to be in a loving harmonious and fulfilling relationship to be disconnected means of course the opposite The three relationships are those between our souls and our bodies ourselves and others and ourselves and God These relationships are hierarchal each depends on the one that precedes it This means that we can only connect with God to the extent that we associate with others and we cannot connect with others if we don t connect with ourselves The author Dr David H Rosmarin devotes a section to each relationship and describes techniques and practices to become a more connected individual He also brings in compelling stories from his clinical practice to show the process in action Whether you re a clinician working with clients or a person seeking the healing balm of wisdom whether you re a member of the Jewish faith or a person open to new spiritual perspectives you will find this book sensible practical and timely because for all of us connection leads to mental health      Innovations in Youth Job Training United States.
