## Dance As Text Dance As Text:

**Dance as Text** Mark Franko,2015 *Dance as Text* Ideologies of the Baroque Body is a historical and theoretical examination of French court ballet of the late Renaissance and early baroque Franko s analysis blends archival research with critical and cultural theory in order to resituate the burlesque tradition in its politically volatile context He reveals the ideological tensions underlying experiments with autonomous dance in the early modern *Bodies of the Text* Ellen W. Goellner Jacqueline Shea Murphy,1995 Dance and literary studies have traditionally been at odds dancers and dance critics have understood academic analysis to be overly invested in the mind at the expense of body signification literary critics and theorists have seen dance studies as anti theoretical even anti intellectual *Bodies of the Text* is the first book length study of the interconnections between the two arts and the body of writing about them The essays by scholar critics of dance and literature explore dances actual and fictional to offer powerful new insights into issues of gender race ethnicity popular culture feminist aesthetics historical embodiment identity politics and narrativity The general introduction traces the genealogy of dance studies in the academy to suggest why critical and theoretical attention to dance and dance s challenges to writing is both compelling and overdue A milestone in interdisciplinary studies *Bodies of the Text* opens both its fields to new inquiry new theoretical precision and to new readers and writers *Dance as Text* Mark Franko,1993 This is a historical and theoretical examination of French baroque court ballet from approximately 1573 until 1670 Spanning the late Renaissance and the Baroque it brings aesthetic and ideological criteria to bear on court ballet libretti period accounts contemporaneous performance theory and related commentary on dance and movement in literature It studies the formal choreographic apparatus that characterises late Valois and early Bourbon ballet spectacle and how its changing aesthetic ultimately reflected the political situation of the nobles who devised performed court ballets **Dance as Text** Mark Franko,1993-04-30 Franko s analysis blends archival research with critical and cultural theory in order to resituate the burlesque tradition in its politically volatile context *Dance as Text* thus provides a picture of the complex theoretical underpinnings of composite spectacle the ideological tensions underlying experiments with autonomous dance and finally the subversiveness of Moliere s use of court ballet traditions **Text as Dance** Mark Franko,2024-12-12 This book offers a groundbreaking investigation into issues of gender power and the representation of sovereignty in French Baroque court ballet and in today s performances that recall them Mark Franko uses powerful interpretive tools derived from historiography and critical theory especially the work of German Jewish philosopher Walter Benjamin to offer the reader both a historical and a theoretical interpretation of this genre of dance in France c 1615 1654 as well as its aftermath and legacy today Through doing so he reaches conclusions about how sovereignty and power were both perceived by viewers at the time and how they were represented through dance given that it was the noble class who devised and performed court ballets He enquires into the role of choreography and theatricality as potentially critical forces operating at the heart of sovereignty

Franko places the work of Louis Marin on power representation and movement in French Baroque painting and performance in juxtaposition to that of Benjamin on theater Other historians whose work is prominent in this study are Ernst Kantorowicz Michel Foucault and Jos Antonio Maravall With wide breadth in the work of historians philosophers political scientists critical theorists musicologists and dance historians this is the culmination of a career s worth of scholarship and research in the field

**The Body, the Dance and the Text** Brynn Wein Shiovitz,2019-01-25 This collection of new essays explores the many ways in which writing relates to corporeality and how the two work together to create resist or mark the body of the Other Contributors draw on varied backgrounds to examine different movement practices They focus on movement as a meaning making process including the choreographic act of writing The challenges faced by marginalized bodies are discussed along with the ability of a body to question contest and re write historical narratives

**From Dance to Text and Back to Dance** McNamara Joann M.,1994 **Text & Presentation, 2006** Stratos E. Constantinidis,2009-12-21 Text

*Researching Dance* Sondra Horton Fraleigh,Penelope Hanstein,1998-03-15 In *Researching Dance* an introduction to research methods in dance addressed primarily to graduate students the editors explore dance as evolutional defining it in view of its intrinsic participatory values its developmental aspects and its purposes from art to ritual and they examine the role of theory in research The editors have also included essays by nine dancer scholars who examine qualitative and quantitative inquiry and delineate the most common approaches for investigating dance raising concerns about philosophy and aesthetics historical scholarship movement analysis sexual and gender identification cultural diversity and the resources available to students The writers have included study questions research exercises and suggested readings to facilitate the book s use as a classroom text

Dancing Texts Janet Adshead-Lansdale,1999 This book takes an innovative approach to dance analysis looking at issues in the interpretation and reading of dances Building on Janet Adshead Lansdale s *Dance Analysis Theory and Practice* 1988 *Dancing Texts* reshapes recent developments in post structuralist and literary theory to illuminate close readings of dances Following a thorough introduction to the theoretical basis of intertextuality in relation to dance the book offers a number of fully worked out examples of dance analysis with subjects spanning the twentieth century and ranging from video dance to ballet The examples chosen include classical modern and postmodern styles of theatre dance and also explore relations with music film architecture language popular culture and ethnicity The shifting and fluid interpretations that emerge illustrate the processes of intertextuality itself opening up a new arena for dance analysis and criticism The editor Janet Adshead Lansdale is forrmber Professor of Dance Studies and Head of the School

of Performing Arts at the University of Surrey and the authors are choreographers researchers and university lecturers working in dance analysis *Hip Hop Dance* Carla Stalling Huntington, 2007-04-06 Tracing the African American dance from the Diaspora to the dance floor this book covers a social history germane not only to the African American experience but also to the global experience of laborers who learn lessons from hip hop dance Examining hip hop dance as text as commentary and as a function of identity construction within the confines of consumerism the book draws on popular cultural images from films commercials and dance studios A bibliography discography and filmography are included Instructors considering this book for use in a course may request an examination copy here [Scripting Dance in Contemporary India](#) Maratt Mythili Anoop, Varun Gulati, 2016-01-07 As stories of Indian dance s renaissance span almost a full century there has emerged a globally dispersed community of Indian dancers scholars and audiences who are deeply committed to keeping these traditions alive and experimenting with traditional dance languages to grapple with contemporary themes and issues Scripting Dance in Contemporary India is an edited volume that contributes to this field of Indian dance studies The book engages with multiple dance forms of India and their representations The contributions are eclectic including writings by both scholars and performers who share their experiential knowledge There are four sections in the book section I titled Representations has three chapters that deal with textual representations and illustrations of dance and dancers and the significance of those representations in the present Section II titled Histories in Process consists of two chapters that engage with the historiographies of dance forms and suggest that histories are narratives that are continually created In the third section Negotiations the four chapters address the different ways in which dance is embedded in society and the different ways in which the aesthetics of a form has to negotiate with social economic and political imperatives The final section Other Voices Other Bodies brings voices which are outside the mainstream of dance as serious art *Wappo Texts, 1st Series* Paul Radin, 1924 *Spectrums and Spaces of Writing*, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2013 The chapters in this book provide an overview of both global and interdisciplinary perspectives on Writing In an era when technology in general and social media in particular has appeared to overtaken academic discussion in regard to how we communicate the thoughts research and praxes in this volume reveal that while the concept of writing has changed dramatically in the past decades the flow of words on a page or computer screen as a large flow of text still remains one of the key forms in which humans are able to crystallize thoughts Each chapter reveals a particular facet of this process revealing that it is only through the crafting process of producing words through the conduit of head to heart to hand that we can create and understand the external composite of internal creativity and reveal the power of human reflection The clearly demonstrates that writing is encapsulated humanity ... **Yana Texts** Edward Sapir, 1911 *Menomini Texts* Leonard Bloomfield, 1928 *Dancing and Mixed Media* Judith B. Alter, 1994 During the first third of the twentieth century innovators and developers of modern dance evolved exercise systems established schools and

published books on dancing illustrated by numerous photographs Some of the books are by dancer authors Isadora Duncan Raymond Duncan Mary Beagle Helen Moller Margaret H Doubler Eleanor Elder and Margaret Morris These media books and photographs are also used by art critics Charles Caffin and John E Crawford Flitch and photographer Arnold Genthe in books on dancing and dancers during this period analysis of their works adds other dimensions to this study The social political and cultural movements of radical utopianism idealization of nature rational recreation anti Victorianism and the adulation of ancient Greek culture contribute to understanding the forces which influenced the newly emerging art forms of modern dance and photography BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
