Daft Wee Stories:

Daft Wee Stories Limmy, 2015-07-30 DAFT WEE STORIES is Limmy's first book. It is a collection of stories. There are short stories. There are longer stories. There are stupid stories. There are thoughtful stories. There are upside down stories. There are normal way up stories. There are weird stories. There are less weird stories. There are really weird stories. There is nothing else like it. Have a read. 1979 Val McDermid, 2021-10-05 A Scottish journalist is drawn into a world of corruption, terror, and murder in the new novel by one of crime fiction's most eminent writers. Entertainment Weekly: The year started badly and only got worse. Blizzards, strikes, power cuts, and political unrest were the norm. For investigative journalist Allie Burns, however, someone else's bad news was the unmistakable sound of opportunity knocking, and 1979 is ripe with possibilities. But Allie is a woman in what is still a man's world. Desperate to get away from the women's stories, the Glasgow desk keeps assigning her. She strikes up an alliance with wannabe investigative journalist Danny Sullivan. From the start, their stories create enemies. First, an international tax fraud, then a potential Scottish terrorist group aiming to cause mayhem ahead of an impending referendum. And then Danny is found murdered in his flat. For Allie, investigative journalism just got personal. The debut of an intense new series, 1979 is an atmospheric journey into the past with intriguing insight into the present from a Diamond Dagger winner and multiple Edgar Award finalist. The queen of psychological thrillers, Irish Independent: There are few other crime writers in the same league. The Washington Post: *Last Alpha* Ruby Fielding, He never wanted to fall in love. She never planned to let him. Jenny Layne has made a career out of investigating werewolf reports, but every case has only confirmed that shapeshifters are the stuff of legend or madness. Until now. Lured to a remote Scottish estate to meet a researcher working on the science behind the werewolf phenomenon, Jenny finds steadily mounting evidence that something strange is running wild in the hills. Billy Stewart has traveled the world in pursuit of stories of shapeshifters and other strange phenomena, but the last thing he ever expected to find was love. Billy is not a man who falls easily, but when he does, it is a force of nature. When he meets Jenny, he knows immediately that she is his soulmate, but Jenny is not so sure. Are his intense feelings for her just some kind of insanity, or is Jenny turning him away because that's exactly what she always does when a guy gets interested? By turns, passionate romance and gripping paranormal thriller, *Last Alpha* tells the story of two people whose paths collide with earth-shattering consequences. As love boils over and the dark secrets buried away in Jenny and Billy's past rise to the surface, a night of murder raises the stakes yet higher. And as she fights for her own survival, Jenny must face perhaps the biggest question of them all: In matters of life, death, and love, can Beauty ever really hope to tame the Beast. **The Wolves of Craigellon** Ruby Fielding, Available in one volume for the first time. The Wolves of Craigellon, Ruby Fielding's stunning Highland shifter romance trilogy: murder, intrigue, and breathtaking romance in a werewolf series like no other. An exciting, suspenseful shifter romance. The characters are fantastic, a must-read book. Roxie's Reviews: This has been truly an amazing story, and I have loved each and every character. Books of Past, Present, and Future.
