

Having your  
diaper changed in  
the morning at your  
gf's house has  
become routine.  
You love seeing  
her on the end of  
the bed, and your  
wet diaper on the  
table that she just  
changed off you

*The Child Welfare Manual* ,1915     A First Time Parent's Survival Guide Clifford Dale James,2015-10-13 Why don t babies come with a how to manual Wouldn t it be nice to have a pediatrician there with you so you could remember what was said in those well visits and to ask simple questions to Finally a parenting book that is organized around your baby s well visits isn t written like a text book and meant to calm you down rather than scare you about all the very rare possibilities Dr Cliff James is a board certified Pediatrician in private practice for the last 15 years His goal was to write a book that could both inform and entertain a new parent With the help of his own baby Kaden you get a look at parenting from a pediatrician point of view as well as the mind of a baby toddler evil genius This book covers Choosing a pediatrician Feeding your baby Pee Poop Puke and Snot Vaccines What happens in the hospital Chapters for each well visit Developmental milestones Illnesses Injuries This book is designed to bring a little lightheartedness to parenthood with cartoons jokes and plenty of Dr James own disaster stories as a parent To often we as pediatricians and parents spend too much time emphasizing how much work it is to be a parent and lose sight of the fact children are hilarious and a great source of joy
