*The Other Gods who are* Wouter Henkelman, 2008 *The Other Gods Who Are* presents four larger case studies in Elamite Iranian acculturation more specifically in the realm of religion and does so largely on the basis of the Persepolis Fortification Archive the riches of which had not been fully explored for this important subject Treating the debated *lan* sacrifice the Elamite Iranian background of the pantheon the role of the god Humbar and the older background of Persian paradise the monograph aims to pave the way for a different understanding of Persian identity as a cultural construct that emerged in the Iranian highlands from a large scale dynamic in which the Elamite state as well as the Elamites

of eastern Khuzestān and of the highlands played a pivotal part. The four case studies are preceded by a survey and discussion of recent developments in Neo Elamite history and by a long introduction into the Persepolis Fortification Archive which can be used separately by scholars interested in this material. Annotated translations of relevant Fortification texts are given in an appendix. Indices of proper names, text passages and Elamite and other ancient words complete the volume.

The Routledge Encyclopedia of the Historical Jesus Craig Evans, 2014-01-14. This Encyclopedia brings together the vast array of historical research into the reality of the man, the teachings, the acts and the events ascribed to him that have served as the foundational story of one of the world's central religions. This kind of historiography is not biography. The historical study of the Jesus stories and the transmission of these stories through time have been of seminal importance to historians of religion. Critical historical examination has provided a way for scholars of Christianity for centuries to analyze the roots of legend and religion in a way that allows scholars an escape from the confines of dogma, belief and theological interpretation. In recent years, historical Jesus studies have opened up important discussions concerning anti-Semitism and early Christianity and the political and ideological filtering of the Jesus story of early Christianity through the Roman empire and beyond. Entries will cover the classical studies that initiated the new historiography, the theoretical discussions about authenticating the historical record, the examination of sources that have led to the western understanding of Jesus' teachings and disseminated myth of the events concerning Jesus' birth and death. Subject areas include the history of the historical study of the New Testament, major contributors and their works, theoretical issues and concepts, methodologies and criteria, historical genres and rhetorical styles in the story of Jesus, historical and rhetorical context of martyrdom and messianism, historical teachings of Jesus, teachings within historical context of ethics, titles of Jesus, historical events in the life of Jesus, historical figures in the life of Jesus, historical use of Biblical figures referenced in the Gospels, places and regions, institutions, the history of the New Testament within the culture, politics and law of the Roman Empire.

**Word of Tree and Whisper of Stone** Nick Wyatt, 2007. This flagship volume of the Gorgias Ugaritic Series is a book of selected essays dating from 1992 to the present devoted to themes in Ugaritic literature. Providing a glimpse into the worldview of ancient Syria, *Word of Tree and Whisper of Stone* includes the following chapters: A New Look at the Term *sdmt*, The Titles of the Ugaritic Storm God, The Pruning of the Vine in KTU 1.23, Understanding Polytheism: Structure and Dynamic in a West Semitic Pantheon, Religion at Ugarit: an overview, Epic in Ugaritic Literature, May Horon Smash Your Head: a Curse Formula from Ugarit and *Word of Tree and Whisper of Stone* from which the volume takes its title. The shorter chapters 1 and 3 deal with details in textual analysis, the intermediate ones 5 and 6 with matters of religion and genre. The longer ones 2, 4, 7 and 8 cover broader issues, respectively the surprisingly large range of Baal's epithets, the theology of the so-called pantheon lists from Ugarit and the tension they invite between pluralistic and unitary conceptions of deity and the question of prophecy in Ugarit. Prophetic figures have now been widely attested in the ancient Near East from the time of Zimri-Lim of Mari down into the Iron Age. It

was only a matter of time till the phenomenon was observed in Ugarit This final chapter explores the language of divine communication in the light of some archaic features in Israelite oracular procedure Publisher s website **Bible Review**,2004 Acts Richard I. Pervo,2009 The Acts of the Apostles joins the Gospel of Luke with the ministry of Paul The author shows how this masterful storyteller worked his magic drawing on first century literary techniques of narration and characterization **The Spirit World in the Letters of Paul the Apostle** Guy Williams,2009 This book provides a comprehensive and critical examination of the role of spiritual beings in the authentic Pauline epistles the first work to give an exhaustive and systematic account in recent years Contrary to the views of many scholars that spirits are trivial or irrelevant within Paul s writings this monograph argues that they are inherent features of the letters Read within their historical and cultural context the epistles can be seen to participate in widely held assumptions about the role and influence of spiritual powers This argument allows for a fresh perspective on a neglected theme allowing for a re evaluation of aspects of Paul s letters Part One sets out the problems of interpreting the spirit world with reference to the agendas of modern scholars and ancient readers Part Two then examines angelology and demonology progressing through the main inhabitants of the Pauline spirit world angels Satan demons powers etc Finally Part Three sets out the key thrust of the argument the spirit world may be regarded as inherent in the letters because it is integrated into major Pauline themes This thesis is put forward by analysing the role played by spirits in helping to shape three areas of concern for Paul his Christology soteriology and sense of community Such an integrated approach yields a new way of perceiving the place and importance of spirits not as a major or minor doctrine but as an axiomatic and cultural idiom in the Pauline texts
