**The Penguin Dictionary of Saints** Donald Attwater, Catherine Rachel John, 1996-07-01 This best selling dictionary brilliantly reveals the lives and works of a host of fascinating individuals from Biblical saints to those most recently canonised. It is a worthy companion to any study of Biblical or Church history and includes details of feast days and special patronage to aid personal devotion. *Penguin Dictionary of Saints* Donald Attwater, 1973. [The Penguin Dictionary of Saints](#) Donald Attwater, 1966. **The Penguin Dictionary of Saints** Donald Attwater, Catherine Rachel John, 1983 An alphabetical listing of the lives and legends of over 750 saints. [Every Pilgrim's Guide to England's Holy Places](#) Michael Counsell, 2003 England's rich spiritual history is portrayed in this informative pocket travel companion covering more than a thousand places that can be visited today. Cathedrals and abbeys, simple chapels, martyrs' memorials, pilgrim shrines and famous resting places are all featured in this book which connects us to our deepest spiritual roots, reveals the vast holy land lying beneath our feet and tells the stories of the men and women who shaped it. [British Paperbacks in Print](#), 1984. **Global Perspectives on Medieval English Literature, Language, and Culture** Paul E. Szarmach, 2007 The twelve essays in this volume proceed from a modern fantasy epic back in time to oral epics that have been transmitted through the technology of manuscripts and central in the collection are two articles that address Chaucer's Middle English courtly epic *Troilus and Criseyde*. Each in its own way presents a global perspective on its subject, whether by comparing texts or by considering textual transmission through translation or by contrasting medieval issues with developing global movements. These articles are presented as evidence of the international cooperation that has been fostered by the work of Paul Szarmach in the international community of medievalists and of the success of his vision in opening up the borders of a discipline that too long has been Eurocentric and not global in its perspective from the Introduction. [Love, Sex, and Marriage](#) Julie Coleman, 2022-06-13 If the language we use influences and reflects the way that we see the world, then the fields of LOVE, SEX and MARRIAGE will show how speakers of English view their closest social and emotional relationships. *Love, Sex and Marriage* provides a classification of English terms for these three fields from the earliest written records of the language until the present day. This volume makes it possible to trace changing attitudes towards social and sexual ties and to understand those ties as earlier speakers of English did through the language they used. The terms are arranged by meaning and are listed chronologically within semantic fields with their dates of usage. Notes on individual terms provide further information about their connotations and development. Language does not exist in isolation from the people who speak it, so background information about changes in social conditions, religious beliefs and medical advancements is also included. A brief introduction to basic semantic terminology explains the principles behind the classification and an alphabetical index facilitates the location of individual terms. **Man, Myth & Magic** Richard Cavendish, 1970. **The Saints in the Lives of Italian-Americans** Joseph A. A. Driscoll, 2000 This bibliographic listing of works in English by and about members of the Order of Friars Preachers actually begins with a translation of the confirmation of the Dominican Order by Pope Honorius III on December 22 1216 Works and lives of great Dominicans such as Saints Dominic Catherine of Siena Thomas Aquinas Albert the Great Pope Pius V and Martin de Porres are listed Prominent personages such as Fra Angelico Savonarola Bartolommeo de las Casas Samuel Mazzuchelli Dominic Pire Nobel Prize recipient and M J La Grange founder of the Ecole Biblique also appear in this work The Dominicans founded colleges and universities around the globe and their scholarly historical and artistic works have illuminated the world for almost eight hundred years This bibliography is an invaluable resource for scholars and researchers covering a wide range of topics     The Bible in History Robert B. Waltz, The Bible in History A study of the history folklore and occasionally even the mathematics underlying the Bible A sort of dictionary of scholarly material you likely won't find elsewhere Dedicated to Elizabeth Rosenberg Patricia Rosenberg and Catie Jo Pidel Please understand that this is not a Biblical commentary Also while I try very hard to avoid actual theological discussions the work is very much based on external evidence the manuscripts of the Bible the evidence of other historical records the findings of science the folklore about the Bible Some of this can be offensive to some particularly those who try to find exact literal truth in the Bible I hope you will accept it or else not read it in that light If you are still interested there is a lot of historical background about the Bible here not always direct links to the Bible but the context of the nations among whom the Israelites lived There is no Biblical mention of say Nabopolassar of Babylon but his actions would deeply influence Judean history Knowing even a little of that history can help understand the Bible Also where there are variant readings in the manuscripts of the Hebrew Bible or the New Testament I note it This may mean that we are uncertain what the Bible says and hence what it means I try either to recover the original meaning or in some cases to assess the meanings of both readings And then there are the tidbits of science and folklore and anything else I can think of The result is a grab bag Some parts may be useful some may not The idea is to browse and see what strikes your fancy With luck you'll understand more about the Bible after doing so
