Minecraft For all you gamers both casual and serious who have roamed the Overworld in Minecraft slaying evil mobs and harmless animals alike this diary will make you face a question that might never have occurred to you before what is it like to be a Creeper Notorious for being the bane of a player s life in the Overworld Creepers silently make their way up to within touching distance of you at the moment when you least expect it then give you a warning of just 1 5 seconds before they explode violently killing you and damaging any nearby structures you worked so hard to build But have you ever asked yourself why they do this What is the reason for them creeping up to you so quietly are they being careful not to make any noise so that you can t hear them coming or do they not actually have the ability to make a noise as they walk Why do they explode Is it a deliberate attempt to make your life a misery or is it something else And what do they actually do when they re not creeping up on you and exploding Your favourite green blocky menace has a brief life all its own and what you see in the moments before and after they explode near your vicinity is merely a glimpse of their world This book documents the short life of a particular Creeper in its entirety This nameless Creeper will open your eyes to the unseen behaviours of the Minecraft mob He is a creature driven by love and hope and a longing to learn the nature of his existence and his role in the Overworld All that he sees is new and you may be surprised to learn the series of events that lead up to you being attacked by the notorious Minecraft Creeper
