David A. Kolb's Definition Statement of Experiential Learning Theory (ELT): Reflecting 30 Years of New Research and Theoretical Advances

A complete, integrated model of learning, integrating
multiple insights from educational, philosophical, and
theoretical perspectives.

Ranges from ELT's history to its latest applications
in higher education and learning learning

Reviews the potential of experiential learning theory (ELT)
with a commitment to learning leadership

Experiential learning theory (ELT) is a comprehensive
model of learning that integrates multiple insights from
philosophical, educational, and theoretical perspectives.
The model is based on the premise that learning is a
process of personal growth and development, and that
the process is best understood in terms of the interaction
between the individual and the environment.
