pitfalls of multiculturalism and the decline of privacy and civility against the creeping power of technological mediation Hamilton also tracks the author's playful manipulation of literary traditions and his incisive revision of seminal mythologies of Russian Jewish and American selfhood Although Shteyngart has sometimes been pigeon holed as an immigrant author working a rather marginal ethnic shtick Hamilton demonstrates that Shteyngart's work deserves attention for its remarkable centrality that is its relevance to core questions of identity formation and beliefs common to globalized societies
