Fundamentos de marketing

Roberto Dvoskin,2004 *Responsabilidad social y marketing en el sector bancario* Andrea Pérez Ruiz,Ignacio Rodríguez del Bosque,2013-06-11 En este libro se aborda el estudio de la responsabilidad social corporativa RSC desde el punto de vista del marketing y del comportamiento del consumidor el principal grupo de interés de una empresa en la actualidad En este sentido cabe decir que mucho se ha hablado del cambio en las expectativas de la sociedad sobre el papel que las empresas han de desempeñar en la salida de la presente crisis financiera En este caso el foco de atención se ha puesto especialmente en el sector bancario En España estamos asistiendo a un proceso de fusiones y adquisiciones de las cajas de ahorros derivado directamente de sus dificultades para capitalizarse y por consiguiente para sobrevivir en el mercado Este hecho ha tenido repercusiones directas en el conjunto de la economía nacional especialmente si se tiene en cuenta cómo los problemas de solvencia de diversas entidades se han trasladado a los órganos de gobierno del país No obstante la relevancia que adquiere hoy en día la RSC en el sector bancario no se ha plasmado aún en publicaciones sobre la materia lo que dificulta la posibilidad de generar ideas atractivas y factibles para la contribución de este concepto a la recuperación del sistema crediticio de España Uno de los principales objetivos de esta obra es cubrir el vacío que existe en la literatura tanto de carácter teórico como práctico a través de una revisión de los conceptos teóricos y de la presentación de casos para el análisis de la práctica de la RSC en el ámbito bancario español *Marcas sonrientes* Valiente Alber, Sònia,2016-10-28 Por qué la publicidad televisiva ha empleado tan poco el humor en los últimos años Por qué la publicidad en España es tan gris Estas cuestiones son el germen de una investigación que ha durado tres años 2012-2015 y que ha dado lugar a la tesis doctoral La conexión emocional generada por el humor como elemento de engagement en marcas consolidadas Una investigación que ha demostrado que en un contexto de crisis económica fragmentación de las audiencias saturación publicitaria y entorno multipantalla el humor continúa siendo una estrategia válida para generar engagement Es más si el anuncio gusta hace que la marca me caiga mejor se viralizar Conexión emocional y prescripción orgánica Hay algo más que una marca pueda soñar **What Is Digital Marketing ?** Prabir Rai Chaudhuri,2022-12-17 It is difficult to clearly discern the specific origin of marketing since it stems from the innate need of human beings for survival through the exchange of goods and/or services However it is clear that from its emergence to date this profession has adequately adapted to the times A clear example of this approach is the way in which marketing has become involved with digital media with no intention of stopping its evolution The technological age and the need for people to stay in continuous contact they have caused a significant revolution in business processes these days That is why Digital Marketing arises an aspect of marketing aimed at reaching current or potential customers of a brand through the Internet The general objective of this Book is to analyze the main elements that make up Digital Marketing and how they can help you boost your business **Dirección de marketing** Jaime Rivera Camino,Mencía de Garcillán,2007 Los doce capítulos del libro se estructuran de la siguiente manera los dos primeros establecen las características del marketing los siguientes

cuatro están destinados a mostrar las decisiones que pueden restringir la función comercial como segmentar para evaluar y predecir la demanda cuáles son las variables que deben conocerse para investigar la conducta de compra de los mercados el siguiente presenta el plan de marketing como puente entre la estrategia y los planes operativos y los siguientes las políticas sobre producto precio distribución y comunicación
