**Afro-Cuban Religious Arts** Kristine Juncker,2014-07-15 This book profiles four generations of women from one Afro Cuban religious family From a plantation in Havana Province in the 1890s to a religious center in Spanish Harlem in the 1960s these women were connected by their prominent roles as leaders in the religions they practiced and the dramatic ritual artwork they created Each woman was a medium in Espiritismo communicating with dead ancestors for guidance or insight and also a santera or priest of Santer a who could intervene with the oricha pantheon Kristine Juncker argues that by creating art for more than one religion these women shatter the popular assumption that Afro Caribbean religions are exclusive organizations Most remarkably the portraiture sculptures and photographs in Afro Cuban Religious Arts offer rare glimpses into the rituals and iconography of these religions Santer a altars are closely guarded limited to initiates and typically destroyed upon the death of the santera while Espiritismo artifacts are rarely considered valuable enough to pass on The unique and protean cultural legacy detailed here reveals insights into how ritual art became popular imagery sparked a wider dialogue about culture inheritance attracted new practitioners and enabled the movement to explode internationally

This is an extensive listing of almost everything published about the fourteenth century Spanish Libro de buen amor by Juan Ruiz Archpriest of Hita It is essentially the same as the online bibliography at <http://mylba.com> but it also contains a history of this project starting in the 1970 s and a listing of other bibliographies on this work of literature In addition it can be used in conjunction with the e book version which has a search engine A Bibliography for the Book of Good Love Third Edition found at [Lulu.com](http://Lulu.com)

**Publishers Directory** ,1990     **Light and Longing** Sonya A. Ingwersen,1986 Modernism as a literary aesthetic flourished in Hispano America and Spain for over fifty years 1882 1935 Its surface and inspiration seem alien to us Yet it was an age remarkably like our own a time of alarmingly rapid change and uncertainty about the future Dissatisfaction with a Church that seemed to have turned her back upon science and modern learning was rife among writers artists and intellectuals In religion as in other areas of life the Modernist was an eclectic drawn to those ideas which have been rejected by Judaeo Christian orthodoxy the heterodox and the occult Silva s De sobremesa and the poetry of Dario document the religious pilgrimage of an epoch     **Book Publishers Directory** ,1977     *The Statesman's Year-book* ,1930     **A History of Ecology and Environmentalism in Spanish American Literature** Scott M. DeVries,2013-09-05 A History of Ecology and Environmentalism in Spanish American Literature undertakes a comprehensive ecocritical examination of the region s

literature from the foundational texts of the nineteenth century to the most recent fiction. The book begins with a consideration of the way in which Argentine Domingo Faustino Sarmiento's views of nature through the lens of the categories of civilization and barbarity from *Facundo* 1845 are systematically challenged and revised in the rest of the century. Subsequently this book develops the argument that a vital part of the cultural critique and aesthetic innovations of Spanish American modernismo involve an ecological challenge to deepening discourses of untamed development from Europe and the United States. In other chapters many of the well established titles of regional and indigenista literature are contrasted to counter traditions within those genres that express aspects of environmental justice deep ecology the relational role of emotion in nature protectionism and conservationism even the rights of non human nature. Finally the concluding chapters find that the articulation of ecological advocacy in recent fiction is both more explicit than what came before but also impacts the formal elements of literature in unique ways. Textual conventions such as language imagery focalization narrative sequence metafiction satire and parody represent innovations of form that proceed directly from the ethical advocacy of environmentalism. The book concludes with comments about what must follow as a result of the analysis including the revision of canon the development of literary criticism from novel approaches such as critical animal studies and the advent of a critical dialogue within the bounds of Spanish American environmentalist literature. *A History of Ecology and Environmentalism in Spanish American Literature* attempts to develop a sense of the way in which ecological ideas have developed over time in the literature particularly the way in which many Spanish American texts anticipate several of the ecological discourses that have recently become so central to global culture current environmentalist thought and the future of humankind.

**Notes and Queries: A Medium of Inter-Communication for Literary Men, Artists, Antiquaries, Genealogists, Etc ,1860      The Spanish Hermes and Wisdom Traditions in Medieval Iberia** Juan Udaondo

Alegre,2024-11-05 A captivating study of translation adaptation and intellectual cross pollination that situates the Castilian Hermes in the center of medieval Mediterranean cultural exchange. Hermes Trismegistus a Hellenistic conflation of the Greek Hermes god of interpretative wisdom and the Egyptian Thoth god of wisdom was considered by many in the medieval world as the father of culture. Between c 300 BCE c 1200 CE various treatises were attributed to the legendary sage becoming known as the *Hermetica* a combination of diverse philosophical and spiritual systems addressing subjects such as alchemy magic and astrology. The *Hermetica* circulated widely with premodern translations in Latin Hebrew Syriac Persian Arabic and other Eastern languages. Whilst these iterations have been thoroughly researched little attention has been paid to the Castilian Hermes the first rendition of the wisdom traditions of Hermes Trismegistus in a Romance language. This book follows the ways in which Hermetic knowledge was brought to the Iberian Peninsula showing how Hermes became the philosophical and spiritual inspiration for Christian Arabic and Jewish scholars there. Udaondo Alegre unveils the pivotal role of King Alfonso X the Learned of Castile 1252-84 in creating this Spanish Hermes. Through the meticulous tracing of source

texts and literary influences the author explores the myriad ways in which Hermes crossed religious and linguistic boundaries to embody a composite intellectual identity emblematic of medieval Spain's multicultural ethos Alfonso's court is revealed as the site for a unique convergence of translation and interpretation that shaped a distinctly Hispanic Hermes
