García, 2000 This book explores how silences in Carmen Martín Gaité s novels affect narrative communication and the reader Focusing on *Entre visillos* 1957 *El cuarto de atrás* 1978 and *Nubosidad variable* 1992 this study shows how silences inhere in Martín Gaité s narrative style especially in the distinctive ways that her novels create interlocution and communicate feminist messages It also probes how silences in the author s narrative relate to historical and social conditions in Spain and to various literary periods and genres Silence as a literary term can be ambiguous because critics give it many different meanings and often without specifying types of silences Accordingly the book typologizes narrative silences and their roles in narrative communication This study reveals that in Martín Gaité s novels women s silences become over time more a means for creative expression and personal growth than a result of oppression
